# Important Things to Know about Dropping Classes

- ❖ **Beginning the first day of instruction, students are charged prorated fees for the time they hold space in a class that they choose to drop.**
  - **The first day of instruction for Spring 2024 is **Saturday, 1/20/2024**.**
  - **The proration fee is approximately 1% of the applicable tuition balance per day.**
  - **The proration charge will only take place if you drop units resulting in a lower tuition level and do not replace the units within 3 days (i.e. full-time to part-time or part-time to 0 units).**
    - **If you intend to replace the dropped units, we suggest using the “enrollment swap” option in the Academics section of your Student Center page. This will allow you to drop a course and add a course in the same transaction and avoiding the proration of fees. Instructions can be found here: <https://www.csuci.edu/registrar/registration-video-tutorials.htm>**

# Important Things to Know about Dropping Classes, continued

  - **Student Business Services does not send out electronic or paper billing statements.**
  - **Students are responsible for monitoring their account balance and can view this information 24/7 through their myCI.**
    - **Financial Aid is awarded based on your enrollment status. If you drop units, your financial aid may be adjusted resulting in a balance due on your student account.**
    - **We advise you to monitor your account when making changes to your enrollment. To prevent disenrollment from some or all your classes, payment for any balance due will need to be submitted by the published due date.**
