Off-campus Clinics and Urgent Care

If you are in need of urgent medical care, Student Health Services are closed, or you cannot get to campus; health care services are available through the Ventura County Ambulatory Care Clinics. Students must present their CI student identification card before receiving services. As with the campus clinic, fees will be charged for lab services, x-rays, and care beyond basic student health services. You should contact the clinic in your area for an appointment or urgent care information. Sites most familiar with CI students are marked with an *.
