

2015 Graduating Student Survey

ABOUT THIS SURVEY

Career Development Services, Institutional Effectiveness, and Graduate Studies Center partner to design, administer, analyze and report on the survey data. The responses we collect aid future CI Dolphins to prepare for their careers and post-graduation goals.

Administered March-May 2015, with students eligible for graduation May 2015.

1444
RESPONDENTS

90%
RESPONSE RATE

JOB MARKET

The job market continues to improve, resulting in a greater number of employers participating in career fairs, on-campus interviewing and job postings compared to previous years. Career opportunities in fields related to communication, business, technology, and

education represented the most predominant industries hiring among employers who recruit at CI.

Dolphin CareerLink included **2000 jobs and internships** during 2014-2015.

GRADUATE SCHOOL

The majority of respondents who were admitted to graduate school were graduates of academic programs including education, social sciences, and humanities/fine arts.

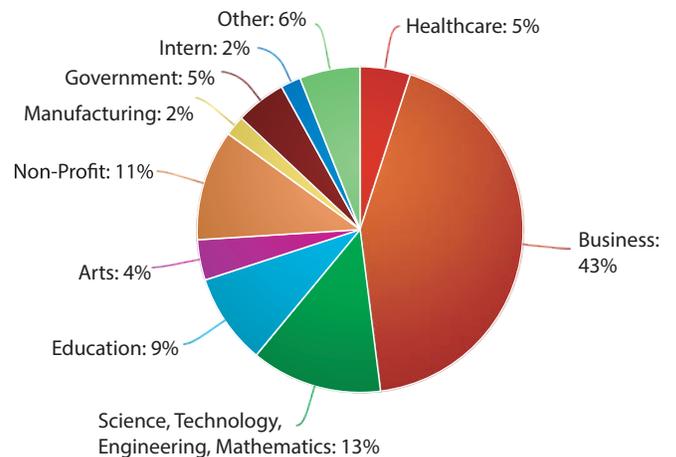

4% of respondents were accepted to graduate school

34% were planning to apply to graduate school

EMPLOYMENT SOURCES

EMPLOYMENT INDUSTRIES

INTERNSHIPS & EMPLOYMENT

43% of 2015 CI graduates have **secured employment** and will be working after graduation, a 10% increase from 2014.

Students who utilized career services were **twice as likely** to have completed an **internship** while at CI.
