Brief Activity Description	This series of in-class concerts will bring high level professional musicians from the classical music world to CI to perform for our two sections of the PAMJ 337 "Music In History" course. Other CI students, faculty, staff, and community members will also be invited to attend these special concerts by our guest artists. Our fantastic guest artists will demonstrate and discuss significant musical compositions by some of the greatest composers of all time: J.S. Bach, Beethoven, Mozart, Brahms, Claude Debussy, and contemporary composers. The Baroque, Classical, Romantic, Impressionist, and Modern musical style periods will be represented giving students a rare up-close view of these masterworks being performed right before their very eyes. The musical selections that are presented by our guest artists correspond directly with the musical style periods and legendary composers that we study in our PAMJ 337 course.			
	internationally recognized concert pianist Dr. Junie Cho, who is a piano professor at Appalachian State University's renowned Hayes School of Music in North Carolina. Dr. Cho is a stunningly amazing pianist, and her program and lecture components were well loved by our students. On other occasions, I have presented Mr. GaryNesteruk, who has performed piano and keyboards on over 100 Hollywood movie scores. Gary is also an excellent classical pianist. His appearances at Cl consist of his performances of diverse piano compositions, and Gary also shows the students video excerpts of his work in Hollywood recording studios, and the students learn about how music is recorded for TV and films.			
	Our other guest performances will be by professional ensembles, such as the Debussy Trio and the Singer Chamber Players. The members of the Debussy Trio are elite Hollywood symphony musicians who have performed on many major motion picture soundtracks. Debussy Trio member Angela Weigand is the long time flautist with the very respected L. A Opera company. The Singer Chamber Players are led by clarinetist David Singer, who was a long time member of the Grammy Award winning Orpheus Chamber Orchestra in NYC. The Singer Players performed at CI in the Spring of 2016, and their presentation was very well received by our students. The leaders of both of those ensembles do an outstanding job of verbally introducing each composition and providing a historical and stylistic context for each musical offering. There will be time allotted for our students to ask questions of our visiting artists.			
	Past students have overwhelmingly voiced support for these live concert events, and have stated that these concerts are very helpful for them to gain a full understanding of the musical concepts that are presented in this course.			
Learning Outcomes and Relation to IRA to Course Offerings	PAMU 337 Learning Outcomes: [Show, through writing, discussion and oral presentation, an understanding of the course content and convey the key points of this course to an audience of their peers] - Students will be required to write a detailed report about the concert/demonstrations, highlighting their observations and informed analysis of the music, based on what have learned in class. Student will also be giving oral presentations to demonstrate that they have absorbed the knowledge that has been conveyed by our guest artists.			
	Discuss key points in the history of music in the world.] Our guests will discuss the lives and works of the composers whose works they perform. This gives the students a well-rounded historical appreciation for the formation of these musical masterworks, embedded within specific historical time periods.

Target Audience/Student Marketing	AUDIENCE/PROMOTION: My intended audiences are: #1: the students in the course most directly linked to this proposal. (PAMJ) #2: all other PA students, as these live performances are applicable to all of #3: all other CI students, faculty, and staff #4: residents of the Camarillo and Ventura County communities. My students will be required to attend these events. I will also ask my collect students about attending these culturally enriching events. I will work closely with CI's Media Department to produce electronic/social a advertising posters. We also post announcements of these events on Face pages.	f our other course offe agues in PA and other nedia announcements	departments to make announcements to their s to promote these events, as well as a few printed		
	My fellow PA and PAMU instructors will also help to spread the word of these events to their classes.				
Bring Benefit to	-				
Campus Sustainability	We do as much electronic/ social media advertising as is possible. Only a few paper posters are produced to advertise these events (Posters are effective when they are hung in a few select high traffic locations). There are virtually zero negative environmental effects stemming from any activities related to these events.
