

Deadlines

from the Grants Resource Center

January 10, 2011

This publication includes deadline dates for the month of April 2011 and late announcements for the months of March 2011 and February 2011. Proposals submitted by a referenced target date will be included in a particular review cycle, while those received after the target date will be held for the next review cycle. It is advisable to contact the program staff cited in each listing to obtain all available information.

Those deadlines marked by an asterisk () are tentative. In some cases, these are specific dates that may change depending on the timing of the deadline notices and in others, we have listed just the month during which a deadline is expected. Deadlines marked by a double plus sign (++) are target dates.**

Program: Research Fellowships
Agency: American Councils for International Education

Next Deadline: Apr 01, 2011

Supports scholarly research and cross-border learning through the design and implementation of educational programs that are well grounded in key world languages, cultures and regions. Offers opportunities in international training, academic exchange, collaboration in educational development, and public diplomacy. Fellowships primarily focus on Eastern Europe and Eurasia, but other regional programs available. Must be a U.S. citizen or permanent resident to apply. E-mail: krueger@americancouncils.org See <http://www.americancouncils.org/index.php> for details.

Program: Diversity Research Grants
Agency: American Library Association

Next Deadline: Apr 30, 2011

Supports original research to address critical gaps in the knowledge of diversity issues within library and information science with three awards of \$2,000. Eligibility is limited to ALA members. Awards also include a \$500 travel grant to attend ALA conferences to present research findings. Other programs available. See <http://tinyurl.com/73tc8d> for details. Email: diversity@ala.org

Program: Luce Fund in American Art
(Exhibitions and Publications)

Agency: Henry Luce Foundation

Next Deadline: Apr 01, 2011

Supports exhibitions and publications that contribute to the study of American art. Each proposed project must result in a tangible product that can be added to the body of scholarship in the field. All periods and genres of American art history are included. The program is aesthetically and object-based and does not include projects that are primarily historical, documentary, or sociological. Eligibility is limited to American museums with a commitment to American art. Required LOIs are due by 4/1 for possible summer review. Full proposal due 6/15. Other programs available. See <http://www.hluce.org/americanart.aspx> for details. E-mail: hlf1@hluce.org

Program: Basic Science Research Grants

Agency: American Society for Surgery of the Hand

Next Deadline: Apr 01, 2011

Supports research projects related to the field of hand surgery to encourage young investigators. It is anticipated that the funding will enable these investigators to initiate projects that will lead to additional funding. There are no specific project guidelines within the framework of hand surgery. In the past, funding has been provided for a range of subjects. Seed grants of up to \$20,000 available/year. Proposals must have IRB or Animal Research Review Board approval and/or exemption letters prior to submission. Clinical Research grants also available. See <http://tinyurl.com/ybqlgqep> for details. Program: NIOSH Support for Conferences & Scientific Meetings

Agency: Centers for Disease Control and Prevention

Next Deadline: Apr 12, 2011

Supports high quality (R13) conferences/scientific meetings on the prevention of work-related illness, injury, disability, and death. Interests include disease (i.e., asthma, hearing loss, infectious diseases, injury) prevention & work environment & workforce issues. NIOSH may accept applications for up to five years when a series of annual or biennial meetings is proposed by a sponsoring organization. LOIs are requested 60 days before application due dates. Up to \$20,000 is available per award. Expires 1/8/13. See <http://grants.nih.gov/grants/guide/pa-files/PAR-10-272.html> for details. E-mail: LSanderson@cdc.gov

Program: Human Frontier Science Program

Agency: International Human Frontier Science Program Organization

Next Deadline: Mar 22, 2011

Supports innovative, interdisciplinary research on complex mechanisms of living organisms. Areas of interest are brain functions and molecular approaches to biological functions. Long-term and cross-disciplinary fellowships are available (8/26 was last registration deadline). Past fellows and fellows who have completed at least two years are eligible to apply for career development awards (last deadline 10/14). Research grants, including young investigators and program grants, support international science team projects (3/22 pre-registration deadline, mid-september submission deadline). See

http://www.hfsp.org/how/appl_form.php for details. E-mail: grant@hfsp.org

Program: Visiting Scientists Fellowship Program

Agency: Joint Institute for Laboratory Astrophysics (JILA)

Next Deadline: Apr 30, 2011

Supports short-term (up to four weeks) and long-term (six weeks to one year) visits to JILA by distinguished scientists to work with JILA staff at UC Boulder. Research interests include Atomic Physics; Chemical Physics; Materials Physics and Chemistry; Optical Physics; Precision Measurement; and Astrophysics. Stipend pays for salary, travel, and laboratory and/or computational expenses. Short-term visit deadlines are 1/31, 4/30, 7/31, and 10/31 annually. Longer-term visit deadline is 11/1. See

Program: Experimental Program to Stimulate Competitive Research (EPSCoR)

Agency: National Aeronautics and Space Administration

Next Deadline: Mar 11, 2011

Program targets states of modest research infrastructure and provides funds to develop a more competitive research base within their member academic institutions. NASA invests between \$125,000 to \$750,000 per state annually. Awards have a 1:1 matching funds requirement. Eligibility is limited to 19 select states. LOIs encouraged by 1/28/11. See <http://tinyurl.com/23rlooq> for details. E-mail: Luis.C.Rabelo@nasa.gov

Program: Research Opportunities in Space and Earth Sciences (ROSES)

Agency: National Aeronautics and Space Administration

Next Deadline: Apr 2011

Supports all aspects of basic and applied research and technology in space and earth sciences, including, but not limited to theory, modeling, and analysis of Science Missions Directorate science data. Awards range from under \$100K to over \$1 million per year. Offers several programs with varying deadlines. Current broad solicitation closes 6/2/11. See <http://tinyurl.com/ybc7mt7> (scroll down to 'List of Program Elements') for details.

Program: International Sea Turtle Conservation Fund

Agency: National Fish and Wildlife Foundation

Next Deadline: Apr 01, 2011

Supports sea turtle research and conservation, especially in these priority areas: effective usage of TEDs and other bycatch reduction methods in the Western Hemisphere; potential bycatch and/or unsustainably managed legal harvest hotspots for NA loggerhead and Caribbean hawksbill; and strategies on priority nesting beaches to eliminate adult harvest and reduce nest mortality. Awards generally range from \$25,000 to \$150,000 over one to three years. A 1:1 match required. Deadline refers to required pre-proposals. See <http://tinyurl.com/yep6fj9> for details. Program: Climate Change Education (CCE)

Agency: National Science Foundation

Next Deadline: Mar 15, 2011

Supports a national network of partnerships devoted to increasing the adoption of effective, high quality educational programs and resources related to the science of climate change and its impacts. Each partnership is required to be of a large enough scale to have catalytic or transformative impact that cannot be achieved through other core NSF program awards. Phase I supplement proposals due 3/15/11. Letters of intent for Phase I partnership proposals were due 4/23/10. Limited submission: one application as lead. Program: NSF-CBMS Regional Research Conferences in the Mathematical Sciences

Agency: National Science Foundation

Next Deadline: Apr 15, 2011 (*target date*)

Supports five-day conferences featuring distinguished lectures on a topic of important current research in one sharply-focused area of the mathematical sciences. Each lecturer prepares an expository monograph, which is normally published as a part of a regional conference series. Support is provided for about 30 participants at each conference including new and established researchers, postdoctoral fellows, and graduate students.
