

California State University Channel Islands

Annual Security Report

This policy produced in compliance with Jeanne Clery Disclosure of Campus Security Policy and Campus Crime Statistics Act

Updated October 01, 2007

A Message from the Chief of Police

Welcome to California State University Channel Islands!

I would like to welcome all new and returning faculty, staff, and students to CSU Channel Islands. As members of the CSUCI campus community we all share the responsibility of maintaining a safe and healthy environment. The CSUCI Police Department will lead in this effort, but we will need your help and support. Your safety while at CSUCI is our primary concern.

The CSUCI Police Department is operational 24 hours a day, seven days a week, year round. There are trained emergency dispatchers that answer calls 24 hours a day. There is always a police officer on duty who will respond to calls for assistance. Many of our police officers are certified as Emergency Medical Technicians (EMT-I) and provide first response to medical emergencies, injuries and illnesses.

This brochure is available to the public to provide information about our services and statistical information as required by law. If you have questions or concerns regarding any information in this brochure, please contact the Police Department at (805) 437-8444, email us at police@csuci.edu, or stop by the Public Safety building located on University Drive.

Sincerely,

John M. Reid
Chief of Police & Director of Public Safety

CSUCI Mission Statement

Placing students at the center of the educational experience, California State University Channel Islands provides undergraduate and graduate education that facilitates learning within and across disciplines through integrative approaches, emphasizes experiential and service learning, and graduates students with multicultural and international perspectives.

CSUCI Police Department

Mission Statement

The mission of the CSU Channel Islands Police Department is to provide excellent service that:

- Promotes and insures public safety;
- Adheres to the highest ethical and professional standards;
- Merits the trust and support of our University community
- Reflects and is guided by our philosophies of customer service and Community Policing;
- Provides long-term solutions to problems; and
- Has a positive influence on the learning environment of our University, enriching the educational experience of our students and supporting the work of our faculty and staff.

Values Statement

We, the members of the CSU Channel Islands Police Department believe in:

- Excellence in Service – as a professional, protecting life and property, always doing our best and placing others before ourselves.
- High Ethical Standards – always truthful and honest, committed to maintaining the public trust and loyal to our oath of office.
- Reverence for the Law – fair and impartial application of the spirit of the law, safeguarding the freedom needed in a learning environment.
- Compassion – caring, concern and empathy for all we serve, but especially victims.
- Courage – ethical courage to do the right thing and the courage to overcome fear when faced with danger.
- Accountability – holding ourselves and each other accountable to meet these standards, achieve our goals and live by these values.
- Fiscal Responsibility – not only working within the fiscal resources provided, but making the most of those resources through hard work and creativity.

- Community Policing Philosophy – using this underlying value to guide our practices, procedures and daily decision-making.
- Problem Solving – long-term, well-planned solutions to problems that affect our community and use valuable resources.
- Life-long Learning – continuous improvement through professional and academic training and maintenance of perishable skills.
- Open and honest relationships and communication with the students, faculty and staff of our University
- Respect – treating each other and those we serve with respect
- Teamwork – working cooperatively with each other and all other members of the campus community, doing more than is expected and creating a positive work environment.

Vision Statement

The CSU Channel Islands Police Department is committed to being one of the finest university police departments in the country. In order to maintain this professional status we will:

- Create an environment in which our employees are happy and proud to work and that encourages teamwork, open communication, individual responsibility, cooperation and respect.
- Provide opportunities for all employees, regardless of rank or job classification, to contribute, learn, grow, receive recognition for accomplishments, and advance based on merit.
- Strive for excellence in all the services that we provide.
- Focus on meeting the needs of students, faculty and staff.
- Endeavor to be a highly regarded professional organization that is trusted by the students, faculty and staff of CSU Channel Islands.
- Forge partnerships with all groups represented by the diverse community that we serve through honesty, integrity and open communications.
- Have reverence for the law and uphold the policies and procedures of CSU Channel Islands and the California State University.
- Respect the rights and dignity of all individuals. We will treat our community members as we wish to be treated.
- Seek continuous improvement and enhanced services through technology, education and training, remaining open to new ideas and concepts in law enforcement and public service.

CSUCI Police Department Your Community Policing Agency

Campus safety and security is coordinated by the CSUCI Police Department, located at 33 University Drive, adjacent to Lot A1. The department has a staff of 14 sworn officers with full arrest powers and 6 non-sworn support employees. These police officers are certified by the California Commission on Peace Officers Standards and Training (POST) as peace officers and undergo continued training to maintain and upgrade their skills. All sworn employees have been trained in First Aid and CPR. Many officers are certified as Emergency Medical Technicians (EMT-I). They are authorized to enforce all laws and regulations on the university campus plus an immediate one-mile radius beyond the outer borders of the campus. CSU police officers have police powers that extend statewide. CSU police officers are armed with firearms. They conduct foot, vehicular and bicycle patrols on campus and the East Campus Community 24-hours a day. CSUCI police officers also work very closely with Camarillo Police Department, the Ventura County Sheriff's Department and other law enforcement agencies to assist them with incidents involving campus community members that may occur off-campus.

As part of the student-centered philosophy, Student Affairs staff and the Police Department conduct trainings each semester on topics including personal safety awareness, rape and sexual assault prevention, and the prevention of burglary and vandalism. Workshops, group presentations and written materials are provided to on-campus housing residents each semester. These workshops focus on community responsibilities and needs within the student living environment. Information on safety and security is provided to students and employees regularly through seminars, bulletins, and crime alerts, posters, brochures and university student newspapers.

Safety on Campus

The Police Department supports the accomplishment of the CSUCI mission by leading in the creation of a safe environment conducive to academic excellence and the enjoyment of our beautiful setting. The CSUCI Police Department is committed to playing a dynamic role in the campus community. We have formed effective partnerships with all the groups represented in this unique community. Security is everyone's responsibility, and we will always need your assistance. CSUCI enjoys a very low crime rate. In order to maintain this enviable record, our partners in safety are committed to vigilance in our crime prevention efforts.

CSUCI is a community of more than 4,000 students, faculty and staff, located in the City of Camarillo within the County of Ventura. The CSUCI Police Department has the benefit of support from the Camarillo Police Department, Ventura County Sheriff's Department and other allied public safety agencies in Ventura County.

Reporting Crime

Please promptly report all criminal incidents and medical emergencies to the CSUCI Police Department. Potential criminal actions and any emergency on campus, including medical emergencies, should be reported directly to the Police Department by dialing 9-1-1, *88 from campus payphones, or campus extension 8888. Upon receipt of the call, CSUCI Police Officers are dispatched immediately to the site of the complaint and have the authority to make arrests if necessary.

The CSUCI Police Department works closely with other law enforcement agencies in Ventura County and throughout the State of California and on occasion law enforcement agencies in other states.

Any member of the University community can come forward and seek assistance from any of the campus officials with significant responsibility for student and campus activities in the reporting of criminal activity on or off the CSUCI campus. The CSUCI Police Department will investigate the incident or refer the victim to another agency for assistance as appropriate. CSUCI PD will continue to assist as needed for as long as appropriate. This assistance may include notification and/or transportation to Counseling Services, contacting family or friends, assistance in changing on-campus living arrangements, etc.

Timely Warning Notices

To minimize the number of criminal incidents on campus, professionally-trained police officers, students, and members of the wider campus community participate in a number of shared responsibilities to ensure that students and their possessions are protected as much as possible. On occasion, you will see timely warning notices describing recent crime trends or dangerous incidents. The CSUCI Police Department will be responsible for issuing these timely warning notices, as necessary. It is our policy to post these notices on the exterior doors of all campus buildings and on all information bulletin boards to provide our community with information about the incidents and crime prevention recommendations. Once all the relative information is received, these notices will typically be posted within 24 hours.

Jeanne Clery Disclosure of Campus Security Policy and Campus Crime Statistics Act Compliance

The University Police Department prepares this report to comply with the Jeanne Clery Disclosure of Campus Security Policy and Crime Statistics Act. The full text of this report can be located on our web site at:

http://www.csuci.edu/campserv/police/police_docs/Annual-Security-Report.pdf

This report is prepared in cooperation with police agencies surrounding our main campus and alternate sites, the office of Housing and Residential Education, the Judicial Affairs

Officer, and the Division of Student Affairs. Each entity provides updated information on their educational efforts and programs to comply with the Act.

The University does not recognize any off-campus fraternity or sorority houses. Likewise, student organization recognition does not extend beyond the University, and student organizations are not recognized to engage in activity off-campus. In September of every year, an email is sent to every enrolled student, faculty and staff member, which provides the web site to access this report. Copies of the report may also be obtained at the Police Department at One University Drive, Camarillo, CA 93012, or by calling (805) 437-8444. All prospective employees may obtain a copy from Human Resources located in University Hall or by calling (805) 437-8490, and the web site address will be attached to CSUCI Employment Applications. Directions to locate the report on the website are located in the class schedule and university bulletin.

Security Policies & Procedures

All buildings will be secured by the Police Department by 11:00 p.m. and by 5:30 p.m. on weekends. We recognize that there will be some need for after-hours and weekend access to buildings, which will require a faculty or staff I.D. Anyone working late or on weekends should notify the Police Department. Students working in the building after-hours are required to have in their possession a student permit (authorized by a Dean), together with photo identification. Holiday access scheduling is treated as weekend access.

Campus Grounds and Environmental Crime Prevention Measures

CSUCI is a public institution open during University business hours to the general public. The CSUCI Police Department, Operations, Planning and Construction (OPC), Office of the President and Student Affairs work collaboratively to provide the safest possible environment at CSUCI. Each fall semester the Chief of Police, OPC staff and student representatives conduct a night safety walk to review conditions on the campus. Such walks in the past have led to increased signage, lighting, trimming of greenery, etc. Additionally, Police Department personnel routinely monitor that exterior lights are functional, Blue Light and elevator telephones are operational, exterior doors are locked when appropriate, and any observable safety issues are corrected.

Periodic crime prevention surveys are conducted when a crime trend occurs or upon the physical changes of office space and equipment when requested by an administrator.

Access to University housing facilities is limited to residents, their guests and authorized members of the University staff. As always, if you have a concern regarding safety issues at CSUCI we encourage you to call us at (805) 437-8444.

All emergency telephones are connected directly to the CSUCI Police Department. Faculty, staff, and students should report crimes and suspicious activities 24 hours a day to

the Police Department. Students are encouraged to report any problems with the campus environment to faculty, advisors, and the Division of Student Affairs, or any campus administrator. The Police Department maintains an anonymous crime tip line (805) 437-8444. The Police Department, Student Health and Personal Counseling Services, and the Division of Student Affairs will accept confidential and anonymous reports of crimes for inclusion in the annual statistical report.

Multi-Hazard Response Plan

As part of the University's response planning, an emergency procedure chart was developed and posted in all classrooms and employee work areas. This chart provides specific directions in response to specific disasters and internal and external threats to the University. A Building Marshal program, patterned after highly successful programs at other CSU facilities has been developed, under the guidance of the campus Risk Manager. These individuals receive special training to assist the Police in evacuation of buildings, testing the fire alarm systems, and conducting drills to test our response plans.

Alcohol, Drugs and Weapons Policies

California State University Channel Islands complies with the Drug Free Workplace Act of 1990 and the Higher Education Act, Section 120a. CSUCI Police Officers enforce laws regulating the use of alcoholic beverages and underage drinking. CSUCI is committed to maintaining a safe and healthy environment for the campus community. Alcohol and other drugs should not interfere with the University's educational mission. All CSUCI students, faculty members, staff members and administrators are subject to local state and federal laws regarding the unlawful possession, distribution, or use of alcohol or illegal drugs.

The unlawful manufacture, distribution, dispensing, possession or use of illegal drugs on the University campus or at any University-sponsored event off-campus is prohibited. No one may use illegal substances, or abuse legal substances, including alcohol, in a manner, which impairs performance of assigned tasks. Both policies are available on the CSUCI Web site at www.csuci.edu, in Human Resources, the Police Department, and the Office of the Vice President for Student Affairs.

Excessive use of alcohol and other drugs is a serious health problem in itself, but alcohol and drug abuse can also contribute to a host of other physical and mental health problems such as unwanted pregnancy, violent behavior, HIV infection and other sexually transmitted diseases and psychological depression.

The use of alcoholic beverages must be in compliance with California State Law and is strictly limited to persons 21 years of age or older. Residential students that are 21 or older and wish to possess and/or consume alcoholic beverages in their living area shall be required to successfully complete an alcohol awareness program sponsored by the Division of Student Affairs. The possession, transportation, and/or consumption of alcohol by

individuals under 21 years of age is strictly prohibited. Alcoholic beverages may not be consumed in public areas and must be concealed and not in plain view when transported within the student residence community. Student residents under the age of 21 are not permitted to host guests or residents of any age who are in possession of alcohol in their room or apartment.

The Police Department strictly enforces federal and state laws, as well as the University's zero-tolerance policy, for the use and sale of illegal drugs. Violators are subject to University discipline, criminal prosecution and removal from University housing. Students engaging in the sale of illegal drugs will be expelled. Students found in violation of University alcohol, drug and weapons policies may be subject to academic probation, suspension or expulsion.

Student Discipline

Students may be expelled, suspended or placed on probation for committing violent or criminal acts on-campus or campus related events. In compliance with federal and state laws and regulations, victims of violent crimes, including sexual assault, are to be informed whenever information regarding disciplinary action taken by the University is included in a student's file. Within three days victims are to be informed of the results of the disciplinary action and any appeal. The victim is required to keep the results of the disciplinary action and appeal confidential. For further information, contact the Student Judicial Affairs Officer, in the Student Life office, by calling (805) 437-8512.

Sexual Assault Policy

CSUCI recognizes that sexual assault is a serious issue, and will not tolerate acts of sexual assault on the campus. The Police Department will investigate all allegations of sexual assault and take appropriate disciplinary, criminal, or legal action.

The CSUCI Police will immediately conduct a criminal investigation of a reported sexual assault. Disciplinary actions may be imposed on recognized individual students, student organizations, and/or University faculty and staff found responsible for a sexual assault. University sanctions following campus disciplinary procedures depend on the outcome and may range from suspension to expulsion. Every effort will be made to criminally prosecute perpetrators of sexual assaults. The accuser and the accused are entitled to the same opportunities to have others present during a campus disciplinary proceeding and both shall be informed of the outcome of the proceeding.

After an alleged sexual assault incident occurs, the University will assist the victim in changing academic and living situations if so requested and if such changes are reasonably available.

If you become the victim of a sexual assault on or off campus:

- GET to a safe place
- CONTACT the Police Department (or your local police if off-campus)
- DO NOT shower, bathe, douche, change or destroy clothing
- DO NOT straighten up the area
- SEEK medical attention
- SEEK emotional support from Counseling Services of the local Rape Crisis Center

R.A.D.

The Rape Aggression Defense System is a program of realistic, self-defense tactics and techniques. It is a comprehensive course for women that begins with awareness, prevention, risk reduction and avoidance, while progressing on to the basics of hands-on defense training. R.A.D. is not a martial arts program. Courses are taught by certified R.A.D. instructors and provide you with a workbook/reference manual. This manual outlines the entire physical defense program for reference and continuous personal growth. The R.A.D. System of Physical Defense is currently being taught at many colleges and universities. The growing, widespread acceptance of this system is primarily due to the ease, simplicity and effectiveness of tactics, solid research, and unique teaching methodology.

Personal Counseling Services

The CSUCI Police Department works closely with the office of Personal Counseling Services. We work as a team in dealing with sensitive situations, and we refer persons to the Personal Counseling Center on a regular basis. Both police officers and counselors have received training on threat assessments and the counselors consistently encourage their clients to report crimes to the Police Department to prevent future crimes. Counseling sessions are considered privileged and the holder of the privilege is the client. Crime

information can be forwarded anonymously at the request of the client. The counselors do not disclose information to the Police Department without the consent of the client, unless there is an immediate threat to safety. Any reporting of statistics to comply with this act is done by reporting numbers and not names so the information provided by clients is kept confidential.

Counseling services are available to students, staff and faculty at no cost. The Personal Counseling staff consists of professionally trained and licensed counselors, psychologists, and clinical social workers. Counselors are also available for consultations regarding distressed or potentially violent students or employees.

Hate Crimes

“Hate violence” as defined in the statute means “any act of physical intimidation or physical harassment, physical force or physical violence, or the threat of physical force or physical violence, that is directed against any person or group of persons because of the ethnicity, race, national origin, religion, sex, sexual orientation, disability, or political/religious beliefs of that person or group”. Incidents of hate violence can be reported to the Police Department, Personal Counseling Services, and office of the Dean of Student Life. The University does not condone hate violence and is charged with ensuring that the rights guaranteed by state law and the U.S. Constitution are protected for all people regardless of their ethnicity, race, national origin, religion, sex, sexual orientation, disability, or political/religious beliefs.

Available Crime Prevention Presentations and Prevention of Violence in the Workplace

CSU Channel Islands has established a team of individuals to respond and provide training to prevent or recognize early warning signs of potential violence. The team consists of members from the Police Department, Personal Counseling Services, Human Resources, and the office of the Dean of Student Life. Individual consultations, counseling, presentations, and workshops are offered on a consistent basis.

Established University faculty, staff and Police Department procedures will serve as the mechanisms for resolving situations of violence or threats of violence. Each allegation of violence will be taken seriously. Individuals are encouraged to report acts of violence, threats of violence, or any other behavior, which by intent, act or outcome harms another person.

If you would like information on workplace violence or handling emergencies on campus, please call the Police Department at (805) 437-8444 or visit our website at:
<http://www.csuci.edu>.

Members of the Police Department are available to provide the following presentations to staff, faculty and students:

- personal safety; sexual assault prevention; prevention of auto theft and auto burglary; dealing with distressed individuals; emergency preparedness; Rape Aggression Defense (RAD) self-defense; safety presentations to children and parents; new first time freshmen; family members, and transfer students during orientations, and any other topics related to protecting personal and State property.

We encourage participation in our crime prevention programs and ask for your assistance in keeping our community safe.

Sex Offender Registration

Effective October 28, 2002, Penal Code 290.02 was expanded and requires sexual offenders to register with the University Police Department. Convicted sexual offenders are required to register under Section 290 if they are residing on the University campus; enrolled as a student of the University; employed by the University, either full-time or part-time (includes paid employees or volunteers); or working or carrying on a vocation at the University (e.g. contractors) for more than 14 days or for an aggregate period exceeding 30 days in a calendar year (including paid workers as well as volunteers).

Persons listed above must register with the University Police Department within five (5) working days of commencing enrollment or employment with the University. Registrants are also required to notify the University Police Department within five (5) working days of ceasing to be enrolled or employed, or ceasing to carry on a vocation at the University. Public information regarding sex offenders in California may be obtained by viewing the Department of Justice Online Megan's Law Web Site .

California State University Channel Islands Graduation Rates

Under the federal Jeanne Clery Disclosure of Campus Security Policy and Campus Crimes Statistics Act, institutions of higher education are required to disclose information to prospective and current students about institution graduation rates for first-time freshmen. The California State University draws its first-time freshmen from the top one-third of California's high school graduates. Since 1961, the CSU has awarded more than 2 million baccalaureate degrees, about 82,000 annually, in hundreds of program areas. More than any other senior institution in California, the CSU has maintained access for students who need to juggle academic life with work and family obligations. The rate of graduation will vary depending upon the needs of the individual student to balance work, school and family priorities. The CSU graduation rate for first-time freshmen entering the CSU in 1997 was 54 percent after six years — 10 percentage points higher than the national benchmark of 44 percent.

CSU Channel Islands recently graduated its inaugural freshman class. It is anticipated that the CSUCI graduation rates will be consistent with the CSU graduation rates.

CSU Channel Islands offers 19 degree majors that include art, biology, business, chemistry, communication, computer science, early childhood studies, economics, English, environmental science and resource management, history, liberal studies, mathematics, nursing, performing arts, psychology, sociology, and Spanish. Multiple- and single-subject teaching credential programs are also offered. Various graduate programs are available through Extended Education.
