(Some courses require the approval of the instructor or completion of prerequisites. Please see the CI catalog for details. Formal admission to the University is not required to enroll in courses in the summer, and conversely enrolling in does not constitute or ensure regular admission to the University.)

Note: Some courses may have additional lab fees. Fees are subject to change by the Trustees of the California State University and/or the campus President. The CSU makes every effort to keep student costs to a minimum. Fees listed in published schedules or student accounts may need to be increased when public funding is inadequate. Therefore, CSU must reserve the right, even after initial fee payments are made, to increase or modify any listed fees, without notice, until the date when instruction for a particular semester or quarter had begun. All CSU listed fees should be regarded as estimates that are subject to change upon approval by The Board of Trustees. These fees do not apply to special session degree credit courses and programs, or state-supported courses scheduled in the summer.

**Enrollment**

Priority registration is March 26-April 8, 2012. (EOP, DSP, SSS, veterans and continuing students with 90+ units). Thereafter, there will be open enrollment through myCI with space permitting through the add deadline.

Beginning April 9, 2011 non-matriculated students (students not in a degree program at CSU Channel Islands) can enroll in Summer Session A and B courses. Enrollment will be via enrollment form at the Extended University office. Please remember that payment in full is due at the time of registration.

Matriculated students will have “self service” through myCI available to them for the Summer Session courses. Please remember that payment in full for self service enrollments is due no later May 23, 2012 at 5:00 p.m. for Session A courses and July 3, 2012 at 5:00 p.m. for Session B courses. Students who have not paid for classes by these deadlines will be dropped.
Refunds
If a course is cancelled, the entire course fee will be returned. If students withdraw 24 hours prior to the first class meeting, 100 percent of the course fee will be refunded. If a student withdraws after the first class and before 25 percent of the course has elapsed, 75 percent of the total fee will be refunded. After 25 percent of the course time has elapsed, no refund will be made; however, a drop form must still be filed. NOTE: It is the sole responsibility of the student to withdraw from classes. Students are responsible for verifying their withdrawal from classes.

Applicability of Summer Session Courses to Degree Programs
Courses taken in Summer Session are applicable to the programs of any CI matriculated student (i.e. a student who is admitted to and enrolled in any CI degree/credential/certificate program, in good academic standing in the Spring of 2012, and who did not graduate in Spring 2012) in the same way that Fall or Spring semester courses are applicable.

Non-matriculated students (those not admitted to and enrolled in a CI degree program) may apply a maximum of 24 credit units taken as a non-matriculated student to any CI baccalaureate degree program to which they might later apply. Non-matriculated students may only apply up to nine credit units taken as a non-matriculated student to any CI graduate degree, credential, or graduate credit certificate program to which they might later apply. In all cases, which courses taken as a non-matriculated student shall apply to a particular degree, credential or certificate program is the decision of the department chair responsible for that program.

All courses offered in the CI Summer Session are regular CI academic credit courses and are fully transferable to other institutions. However, it is always up to the receiving institution to determine how transferred courses will be applied to any of its own particular academic programs. Students who are enrolled in or plan to enroll in programs at other colleges or universities for the 2012/2013 academic year should seek guidance from these institutions regarding which CI Summer Session courses would be most appropriate as related to their individual academic goals.
