Alumni Go Far

“The experiences I had at CSUCI helped prepare me for the career of my dreams. From traveling to Japan to do tsunami restoration at the Fukushima Nuclear Power Plant, to the philanthropy projects as President of the Zeta Pi Omega (philanthropic) sorority, I had many things that made me stand out from other applicants to medical school.”

Noolie Boudro, B.S. Biology ’14
Doctor of Physical Therapy (DPT) at Glendale Adventist Medical Center

“While studying at CSUCI, one of my professors told me ‘When you know better, you do better.’ In my job today, I know that I am called to give back and lead others to end youth homelessness. I pursue becoming a better person today for tomorrow’s pursuits.”

Jevon Wilkes, B.A. Communication ’12
Executive Director, California Coalition for Youth

“I started my Android development through a one-on-one directed study with a great professor. After graduation, I worked locally in Ventura County for tech companies, honing my skills. My education and experience prepared me for a great job as a Software Engineer at Google.”

Daniel Vournazos, B.S. Computer Science & Mathematics ’14
Android Software Engineer, Google
