Maximizing Student Success: A Guide to the Early Assessment Program

LORI MACDONALD, MA.ED.
CSU Early Assessment Program

The CSU's mission is to ensure every student regardless of background has the opportunity to earn a high quality degree in preparation for a lifetime of achievement.

The CSU's Academic Preparation policy affords all students the opportunity and support they need to be fully prepared and successful at the CSU.

Provides students an opportunity to measure their readiness for college-level English and mathematics.
CSU Early Assessment Program

EAP uses 11th grade Smarter Balanced Summative Assessment in English language arts/literacy (ELA) and mathematics.

EAP scores are included in the CAASPP (California Assessment of Student Performance and Progress) Student Score report.

These scores are one of the first measures a student may reference to academically prepare for their first year at a CSU.
EAP – Multiple Measures

Multiple measures allows students different ways to assess their readiness for college-level coursework.

Multiple Measures for Placement Include:

- Standardized Tests: CAASPP/EAP, ACT, SAT, AP, IB, and CLEP
- High School Grade Point Average (GPA)
- High School and College Coursework
- High School Math GPA
PLEASE NOTE:

CHANGES for 2021 – The CSU admission policy and eligibility regarding standardize examinations has changed.

Test scores are no longer required for admission. However, they can be used for placement.
The CSU has transformed academic preparation in an effort to provide all first-time freshman the opportunity and support needed to be successful in college-level coursework. This website provides guidance on new approaches to assessment, placement in General Education (GE) English and math/quantitative reasoning courses and the Early Start Program.

Multiple Measures - Placement

- Allows for student placement in courses that satisfy CSU Written Communication (A2) and GE Mathematics/Quantitative Reasoning (B4) into one of four categories:

- Category I: Fulfilled the GE area A2 and/or B4 requirement
- Category II: GE area A2 and/or B4 course*
- Category III: Supported GE area A2 and/or B4 course*
- Category IV: Supported GE area A2 and/or B4 course or the first term of an applicable stretch course

* There is a bifurcation for math – STEM vs. Non-STEM
English Placement
Why ERWC Matters

• Successful completion of ERWC can shorten a student’s time to degree.

• Taking ERWC can mean that a student can place in a higher level English course allowing them to complete their A3 requirement in a single semester.

*ERWC better prepares students to take their college courses.*

DIRECTOR STUDENT SUCCESS & OUTREACH PROGRAMS

Daisy Carranza
EOP Assistant Coordinator
What is EOP?

- The Educational Opportunity Program (EOP) is a student centered program that provides college access to students whose educational and economic circumstances have limited their educational opportunities.
- EOP aids in the success of students by providing a comprehensive program of active and targeted support aimed at increasing academic accomplishment and individual empowerment.
Who Qualifies for EOP?

- California residents or AB540 students
- History of low income
- First generation in your family to attend college
- Historically disadvantaged students who demonstrate academic potential and motivation to succeed
Who can apply to EOP at CI?

Students must meet all of the criteria:

• CA resident or AB540 student
• First generation (first in family to go to college- parent’s don’t have a four-year college degree*)
• Low income based on federal guidelines: https://www.csuchico.edu/eop/_assets/documents/2020-2021-income-guidelines.pdf
• First-time Freshman (CSUCI does not accept transfers at this time)
• Demonstrates academic potential and motivation
EOP helps students stay in college by providing participants with...
Anything Needed to Succeed!

Living-Learning Communities

Students in LLCs live on the same floor, enjoy social and educational activities, and take two or more required courses to promote student success.

- **Michele Serros Multicultural LLC**: Social Justice and equity focused community through the lens of Chicana/o studies.
- **Bedford and Dr. Irene Pickard Multicultural LLC**: focused on developing leadership and mentoring skills and analyzing issues that face Black and other Historically underrepresented groups.
- **Windows on the World International LLC**: Promotes the exploration of intercultural themes and experiences to facilitate global perspectives.
- **SURF LLC**: Promotes a focus on research and addressing the problem of homelessness in Ventura County. Every year this community also takes a weekend trip to the Channel Islands to research various topics.
- **Outdoor Adventures LLC**: Explore the outdoors and engage the environment through learning and community service.
Theme Communities

Students in TCs live on the same floor, share in co-curricular activities with no linked academic coursework.

- **Outdoor Adventures TC**: Explore the outdoors and engage the environment through learning and community service.
- **Geek Life TC**: A community built around gaming, animation, digital adventures, and all things “geek chic”.
