

Mid-Semester Review

Name: _____ Major: _____ Minor: _____

Date: _____ Semester: (circle) Fall Spring Year _____

What are your goals for the semester? Have you met them or are you meeting them so far?

What has been working well for you?

What is my GPA? Use the online calculator to see what your current GPA looks like.

Class	Units	Potential Grade
	Total:	

Semester GPA _____

*If you are repeating classes at CI from a previous semester, do not forget to check that box next to that class in the online calculator

If applicable, identify some of the areas/issues that may be negatively affecting your academics this semester:

- I spent too much time studying one subject and not enough time studying for other courses.
- I am having difficulty doing well on exams.
- I procrastinated, ran out of time to study, read, and/or complete assignments.
- I have difficulty writing papers.
- I am having difficulty with my math class.
- I took too many courses this semester and feel overwhelmed.
- I am working too many hours.
- I am having difficulty grasping general concepts/course material.
- I do not feel connected to the campus community.
- Other: _____

What course of action (if any) do you need to implement for the rest of the semester?

- No action needed. I am happy with my projected grades
- Contact my professor(s) regarding my semester progress or general help
- Increase study time for the following course/s: _____
- Develop/join a study group for the following courses: _____
- Obtain tutoring/assistance for the following courses: _____
- Eliminate/limit distractions (TV, games, Netflix, social media, parties, social, etc.):

List an action strategy to improve academic progress. "I will..." "I will not..."

Areas to Improve

Resolution/Action
