My Peer Advisor was incredibly helpful and explained my progress and provided me with course recommendations that will meet my graduation requirements! Such a great first meeting!

– Freshman Student
Every day as a peer advisor I learn something new and that’s one of my favorite things about this job. I love being able to share the never-ending knowledge I am gaining every day to fellow students at CSUCI.

– Chloe, Peer Advisor

The Peer Advising Program connects CSUCI students to advise, mentor, assist and guide freshmen and sophomore peers in understanding the different elements of navigating the CSUCI university experience. Peer Advisors assist peers in interpreting general education requirements, major overview, CSUCI academic requirements report, university catalog, and the academic advising website. The Peer Advising Program is a bridge for students to connect with Academic Advising, major advising, and campus wide resources.
