## **(1) PROVIDE A DESCRIPTION OF THE ACTIVITY**

Noche de Familia is a student transition event which highlights academic success and resources available. The event's main goal is to inform an audience of largely monolingual Spanish-speaking parents about university services and opportunities, as well as meeting faculty, administrators and staff. We welcome CI students and their families within and outside the university's service area. Ultimately, the goal is to build a college-going—and completion culture among families to advance student success. Noche de Familia helps us to further our aims to create an inclusive campus for our students and their families which is a pillar CI in relation to being a Hispanic Serving Institution (HSI).

The pre-event Family Outreach Institute welcomes students and their families from high schools in the region. Family workshops presented in Spanish include Financial Literacy, College 101, and a Student Panel discussion. The dinner program includes faculty, staff, student, and alumni speakers, who share stories of their educational journeys as well as serve as models for academic student success.

The collaborative committee that will provide project oversight consists of the Chicana/o Latina/o Faculty & Staff Association (ChiLFaSA) Executive Board, the Student Academic Success & Equity Initiatives unit, and other faculty and staff representing various areas of the Division of Academic Affairs, largely but not solely.

The CSU Grad 2025 Initiative places a higher level of accountability on CI to be responsive to the cultural and institutional barriers that result in lower levels of academic student success and that perpetuate equity gaps. Noche de Familia's culturally-relevant program is intended to move the needle on outreach, engagement, and degree completion, directly in alignment with CI's Graduation Initiative 2025 institutional goals and HSI status. This project leads to positive student outcomes such as increased retention and graduation rates.

This year over 270 participants attended Noche de Familia plus an additional 30 volunteers.

## **(2) HOW DID THE ACTIVITY RELATE TO A COURSE(S) AND/OR LEARNING OBJECTIVES?**

Students and their parents, guardians, and siblings learned about the educational opportunities and challenges that first-generation students face from both a contemporary and historical perspective.

In addition to the direct relevance of the curriculum to the Noche de Familia IRA project, each of the courses listed in the proposal taught by ChiLFSA faculty in the departments of Art, Education, English, History, Math, Spanish, and Psychology recruited students to participate and attend the event with their families.

### **(3) WHAT DO YOU SEE AS THE STRENGTHS OF THE ACTIVITY?**

The program harnessed the cross-divisional support and talent of CI of students, staff, administrators, and faculty—most members of the Chicana/o Latina/o Faculty and Staff Association (ChiFASA). Noche de Familia has become an event that students, staff, faculty, and administrators have come to expect and look forward to every year. We can successfully rely on our supporters to get the work out to help recruit participants.

The program also informed monolingual Spanish-speaking family members of CI students of the power of a higher education in terms of career opportunities and betterment of their collective life chances. From this families gained an enhanced respect for the efforts of their student-family members.

### **(4) WHAT WOULD YOU SAY ARE/WERE THE ACTIVITY'S WEAKNESSES?**

The Grand Salon of the university did not sufficiently afford the space required for the 300-plus attendees. This year, we were advised that we could only provide a maximum of 270 seats for the dinner program, as a result we had to scale back out outreach to accommodate the reduced space. The rectangular configuration of the salon defused the energy and sense of intimacy of the program.

Additionally, while a reservation was submitted to secure space on campus mid-summer, we were notified late that the date and venue for the event was no longer available. This caused a great deal of frustration as we needed to find an alternate date well into the beginning of the semester when most locations are booked. While we were able to work with our partners across campus to combine events/efforts to even be able to offer the event in the first place, the only date and time that could work was early in February, only 2 weeks into the semester. With very little time for advertising and recruitment, we were still successful in “selling out” the event, however we were very frustrated with the mishaps as a result of the mistakes made early on in the planning process. The planning committee met with Conferences and Events to resolve some of the pending issues left from a previous employee and planned to debrief after the event with their team for a better design and plan for the future.

### **(5) HOW WOULD YOU IMPROVE THIS ACTIVITY FOR NEXT TIME?**

This event has outgrown the CSUCI campus facilities. We have demonstrated great demand for this event and unfortunately, we are not able to accommodate without drastically altering the program. The planners would apply for funds to rent larger and more intimate space off campus. Portable wooden flooring will be needed (rented or purchased) for the performance of Mexican Ballet Folklorico dancers. There is simply no space big enough on campus unless we consider moving the entire event outdoors which would require greater expenses (tenting, stage, A/V). We plan to meet with Conferences & Events staff to assess alternate configurations to see if continuing to host this event on campus is even feasible.

### **(6) WHAT DID YOU LEARN FROM THE PROCESS?**

We re-learned and witnessed the power of community and family to advance the educational success of students. We were also confirmed in the knowledge that this event is important for not only the students and their families, but also to the many staff, peer leaders, faculty, and administrators that contribute to the event's success every year.

**(7) WHAT ARE STUDENT RESPONSES TO THE ACTIVITY? ATTACH STUDENT EVALUATIONS OR ASSESSMENTS (IN ACCORDANCE WITH FERPA RESTRICTIONS YOU MUST REMOVE ALL PERSONALLY IDENTIFIABLE STUDENT INFORMATION)**

The responses to the event evaluation are overwhelmingly positive. Please see attached for a summary report.

**(8) GIVE A SUMMARY OF EXPENSES FOR THE ACTIVITY.**

Major expenses included catering and services provided by conferences and events. Please note that conferences and events charges are estimates as the department has yet to provide an expense report for the event.

The total cost of catering was \$6,413.55. The cost of bus transportation for families to participate in the outreach portion of the event totaled \$623.19. The cost for the DJ vendor contract was \$545.00. An estimate of costs incurred through Conferences & Events is \$1,000. Printing costs included \$373.23. Supplies and decorations totaled \$108.30. The estimated cost of the entire event is \$9,063.27.

Excellent event!

What a good night. Thank you

Pienso que esta fue la mejor noche de familia que he asistido

Food ruck service though convenient does not serve the purpose which is listening to the information provided. The lines are long, very long

The only thing would be meals schedule and amounts

Es un honor aver asistido "noche de familia"

Estoy muy agradecido con todo lo personal de esta institucion porque este ambiente esta muy agradable

Muy buen evento y aventador para padres de familia y estudiantes

Les agradezco a cada maestro por la ayuda y cada programa para ayudar a muchos jovenes
