Course Syllabus	-	
CIA Certification	—	
Other Sources of Funding	No sources of other revenue.	
Target Audience/Student Marketing	The intended audience is the entire CSUCI community. Our members have attended every student activity, on campus, in an attempt to recruit student membership. This semester we have five new members. One of our newest members is from Germany and is excited to be involved in mariachi music. Another new member is an exchange student, from Spain. He plays the Ukelele, but we have incorporated his instrument into our orchestra. (Although clarinets are not typically "mariachi" instruments, we do have a clarinet player in the orchestra that plays in the trumpet section. We await a saxophone player to join our group, as well.) Many CSUCI faculty and staff, from various departments, have supported our endeavor, and have attempted to recruit members for Mariachi CSUCItan.	
Bring Benefit to Campus	On occasion, we may be requested to perform off campus. The audience shall be informed that the orchestra is of CSUCI origin, and that the university continues to move forward in their efforts to embrace unity and diversity.	
Sustainability	CSUCI is an Hispanic Serving Institution. Another goal that we have established is to fulfill our obligation to serving Chicano, Hispanic, Latino and all other students on campus. Students that our members speak with have indicated that they are aware of the mariachi style of music. But, they are not aware that there is such a group on the campus of CSUCI.
