<b>Brief Activity Description</b>	Noche de Fiesta is a signature event for both the Spanish and Chicano Studies program that has been a staple for over a decade. For this year's Noche de Fiesta, we want to invite the Grammy Award winning music and artist group Quetzal. The group presents an eclectic and unique musical palette that in their own words is comprised of: "an East LA rock soundscape composed of Mexican ranchera, cumbia, salsa, rock, R & B, folk and fusions of international musics, and also one whose political vision is based in social activism, feminism, and the belief that there is radical potential in expressive culture." The group's vision ties in to the different exhibits and events related to the Con Safos magazine and artists that have already made their presence felt on campus and is a contemporary example of the social consciousness through art that began in the Chicano community in the 1960s and how it has evolved in the past 45 + years. Furthermore, the group will be having an interactive songwriting session with students before the concert incorporating their ideas into the night's activities.
<b>Learning Outcomes and Relation to IRA to Course Offerings</b>	The Spanish program asserts that this presentation would meet the Spanish program's student learning outcomes, which are: Demonstrate a reasonable understanding of the behavioral practices (patterns of social interactions), and the cultural products (for example, art, history, literature, music) of the Spanish-speaking world. To foster students' Spanish language acquisition in all four language skills (speaking, listening, reading, and writing). This activity directly addresses two of the fundamental pillars of the University Mission Statement by fostering international and multicultural awareness and understanding as we provide opportunities for CI students to be exposed to other countries' manifestations of popular culture through music. The following Spanish Program classes will integrate this function into its curriculum: Spanish 201 (Intermediate Spanish I), Spanish 202 (Intermediate Spanish II), Spanish 302 (Advanced Spanish, Part II) and Spanish 411 (Culture and Civilization of Latin America). All other Spanish courses will be encouraged to participate. The following Chicano/a Program classes will also integrate this function into its curriculum: CHS 331 Transborder Perspectives CHS 100 Chicano/as in Contemporary Society CHS 425 Contemporary Immigration Issues
<b>Description of Assessment Process</b>	All students who attend this performance will receive an assessment questionnaire regarding the usefulness of the activity and how they have benefited from it. In addition, students in the Spanish program will write a personal review in which they have to demonstrate an understanding of the cultural topics manifested in the performance. These pieces can be used as assessment instruments to determine the attainment of educational goals.

<b>Other Sources of Funding</b>	Spanish Club (El Club de Español) will provide \$2000 for food and refreshments.
<b>Target Audience/Student Marketing</b>	Our intended target audience is students from the Spanish Program and Chicano/a Studies Program. However, everyone is welcome. This event is open to the campus and local community. Every year, Tom Emens prepares a wonderful poster for our event. A printing budget of \$100 has been included for posters and handbills.
<b>Bring Benefit to Campus</b>	—
<b>Sustainability</b>	The Spanish Program in Global Languages and Cultures, el Club de Español and the Chicano Studies Program are committed to the principle of reduce, recycle and reuse at CSU Channel Islands. For our event, Noche de Fiesta, we reuse decorations. We also recycle paper, water bottles and cans during the event.
