Brief Activity Description

Students enrolled in a COMM 340: Conflict Management & Mediation must conduct a simulated role-play mediation for their final exam. For the past 10 years, mediation coaches from the community have attended the final mediation, coached students, assessed their performance and provided feedback through both a written rubric and one-on-one individual conversations with each student. This has proven to be a highly valuable experience for the students as they are provided real-time contextual feedback from experts who are successful and current in their field. This experience also serves as a networking opportunity for students who continue their career in conflict management - a common area within our program. Among the coaches are alumni students who have chosen mediation as a career and are now practicing mediators. Engagement between our students and community members is a hallmark of CI and this experience supports that tradition. This request is for both Fall 2021 and Spring 2022 semesters.

Brittany James, Community Mediator and Advocate and an Instructor at Rio Salado College will speak to students enrolled in COMM 340: Conflict Management & Mediation as well as the campus in general (campus-wide advertising and invitation) about restorative justice and community conflict resolution practices focusing on community peace-building and empowerment.
