### Brief Activity Description

The purpose of the Campus Reading Celebration is to provide an annual opportunity for the entire campus community to share in a common intellectual experience. All members of the campus community(students, faculty, staff, and administration) will have the opportunity to:

- Read the same Campus Reading Celebration book that will focus on one or more of the CSUCI Mission Pillars: Interdisciplinarity, International Perspectives, Multicultural Perspectives, and Service Learning and Civic Engagement.
- Discuss the Campus Reading Celebration book with each other in both formal and informal settings.
- Interact with the author of the Campus Reading Celebration book to aid in the demystification of books and/or authors
- Engage in open dialogue relating to multicultural perspectives, international perspectives, interdisciplinarity and/or service learning and civic engagement.
- Experience a CSUCI program that combines co-curricular and curricular activities.

### **Activity or Event Date**

### **List all classes that relate to proposal**

All classes at CI could potentially relate to this proposal

### **Learning Outcomes & Relation to Course Offering**

Because this is an annual campus-wide event for all CI students, all campus classes potentially relate to the proposed activity.

Many students at CSUCI have never before attended an event in which they've had the opportunity to encounter the author of a book they have read.

The Campus Reading Celebration attempts to give them not only a chance to hear the author read from their work and talk about that work, including hows/he came to write it, but also a substantial opportunity to interact with that author. By providing students an opportunity to see that books are not dead artifacts but vibrant entities with which they can interact through reading, thinking, discussing with peers, professors, and their families and friends (all of whom are invited),we seek to empower them to become engaged readers who incorporate books into their critical thinking. Encountering the author of a book they have read, particularly a famous and/or prestigious author such as several we have had --Jered Diamond, Pulitzer Prize winner Junot Diaz, Muhamad Yunnis, Terry Tempest Williams, Roxane Gay, and Tommy Orange for example - is the culmination of that experience.
