### Proposal Title

History Community Seminars

### Total Amount Request from IRA

4,000

### Brief Activity Description

As chair, this proposal is submitted on behalf of the department of history.

The goal of the History and Community Seminar is to invite CI students and history practitioners in the community (K-14 educators, museum professionals, etc) in our service area to enjoy a lecture by an expert in a field of history (i.e., North American or World). Often these talks are geared to be useful for K-14 teachers to use in their own classes, and to inspire students thinking of embarking on a career in teaching or to think about graduate school. The History Program wishes to continue inviting renowned scholars outside of our campus so that local educators and students can benefit from a cutting-edge perspective on local, national, or global history.
