Amount of MSFT Funding Requested	Date Funding Needed By
25500.00	7/1/2019
Please select your AVP/Dean Stratton, Steve - Interim Dean of the Library	
Require_DSA_AVP_Review	
Will you receive funds from any other source(s)?	
• No	
O Yes	
Has this project or activity previously received MSF	T funding?
● No	
O Yes	

Please describe how the use of MSFT funds for this project or activity will benefit the CI student body.

Please provide the following in your application. You may attach additional files as needed (applicants may be requested to meet with the committee to discuss proposals)

1. Brief Project Description

Describe the project and its benefits to the educational or co-curricular experience of students at CI. Please provide specific information about how MSFT funds will be used and their impact on the campus. Please describe how this project benefits CI students? Please describe items and provide justification if your request includes the purchase of computers, equipment, furniture or other materials. Please provide a timeline for implementation of the proposed project. If physical improvements are requested please describe need, scope and impact of work to be completed. If the project includes provision of services please indicate the type of service, personnel costs and level or quantity of service to be provided with project funds.

2. Project/Activity Budget

Please enclose a complete detailed budget of the entire project. Indicate specific items of requested MSFT funding including (where applicable) a schedule and priority of project items to be considered if the project is funded at a reduced level. Were other, less costly, approaches considered when preparing the budget for the project? Are there elements that could be eliminated or deferred if funding is not available for the entire project?

3. Project Assessment

Describe how the effectiveness of the project will be assessed and measures that will be used to determine if it has attained its objectives. Please note a report will be due at the end of the semester (or fiscal year for annual projects). If funded, how will the project acknowledge the use of student funds so that students are aware that their student fees made (or helped to make) it possible? If appropriate, indicate how the project or activity promotes sustainability at CI.

4. Sources of Project Support

Please list the other sources of funding, and additional support for the activity. If this project or activity has been conducted previously please indicate how it was funded. Please explain if MSFT is the only source of support for the project.

Brief Project Description

Library media equipment is used extensively by students for projects and course work, and directly contributes to student success in these areas. In support of the University's mission, access to this equipment addresses issues of equity at CI, as this is often the only opportunity students have to use with this type of equipment.

*GoPro HERO7 Cameras --These cameras were first purchased 4 yrs ago- at present, the Library has two functioning GoPro cameras for students to check out. During 2017-18, these cameras were checked out by students 196 times.

*Ricoh Theta V 360 Degree Spherical Panorama Cameras--These cameras have virtual reality functionality and can be used for "Google street view"-like images. Students checked out these cameras 79 times during 2017-18.

*Fish-Eye Lenses-- Students have requested that the Library circulate lenses with a wider angle of view.
