Project or Activity Title: Interior Refresh Program – Bell Tower Second Floor Classrooms

Name of organization requesting funds: **Facilities Services** Date: 1/07/2014

Requestor: **Guy Spevak** Contact Phone Number: (805) 437-3778
E-mail: guy.spevak@csuci.edu

Amount of MSFT Funding Requested: **\$93,655.35**

Date Funding Needed by: 6/30/2015

Will you receive funds from any other source(s)? **NO**

If yes, please detail amount requesting from other source(s) as well as your total request for fiscal year 2014-2015 (including request from MSFT).

Has this project or activity previously received MSFT funding? **Yes, Bell Tower second floor classroom refresh of four classrooms awarded for 2014. Please see attached 2014 application.**

Please describe how the use of MSFT funds for this project or activity will benefit the CI student body.

Please provide the following in your application. You may attach additional pages and materials (applicants may be requested to meet with the committee to discuss proposals):

- Brief Project Description.** Describe the project and its benefits to the educational or co-curricular experience of students at CI. Please provide specific information about how MSFT funds will be used and their impact on the campus. Please describe how this project benefits CI students? Please describe items and provide justification if your request includes the purchase of computers, equipment, furniture or other materials. Please provide a timeline for implementation of the proposed project. If physical improvements are requested please describe need, scope and impact of work to be

completed. If the project includes provision of services please indicate the type of service, personnel costs and level or quantity of service to be provided with project funds.

2. **Project/Activity Budget.** Please enclose a complete detailed budget of the entire project. Indicate (in **bold**) specific items of requested MSFT funding including (where applicable) a schedule and priority of project items to be considered if the project is funded at a reduced level. Were other, less costly, approaches considered when preparing the budget for the project? Are there elements that could be eliminated or deferred if funding is not available for the entire project?
3. **Project Assessment.** Describe how the effectiveness of the project will be assessed and measures that will be used to determine if it has attained its objectives. Please note a report will be due at the end of the semester (or fiscal year for annual projects). If funded, how will the project acknowledge the use of student funds so that students are aware that their student fees made (or helped to make) it possible? If appropriate, indicate how the project or activity promotes sustainability at CI.
4. **Sources of Project Support.** Please list the other sources of funding, and additional support for the activity. If this project or activity has been conducted previously please indicate how it was funded. Please explain if MSFT is the only source of support for the project.

Fiscal Management: Project sponsor's unit or department may be responsible for incurred over and above what is funded through the MSFT. If support is requested for costs beyond initial award, or for use on activities or materials not included in approved proposals, the project sponsor must seek approval from the MSFT committee. The project sponsor will be responsible for managing purchases and transfers of funds related to approved projects.

Please review MSFT web page for information about the fund and its objectives before submitting your application.

Ref: Interior Refresh Program – Bell Tower Second Floor Classrooms

Dear Colleagues;

The information to follow describes the areas identified to be included in the interior refresh program for the Bell Tower Core. The scope involved primarily consists of removing and replacing carpet, vinyl baseboard replacement, patching and painting the walls (to the new standard color “Cottage White”), replacing damaged window screens, replacing damaged mini blinds with new roller shades, installation of chair rails to prevent future wall damage and refinishing classroom doors.

These finishes are over 14 years old and are at the end of their useful life cycle. We started refreshing classrooms on the second floor of the Bell Tower Core and are requesting funding to continue on with this effort by refreshing rooms 2515 through 2716. These improvements will dramatically improve the learning environment for our students by providing a more comfortable atmosphere while eliminating the deterioration to our interior finishes which ultimately protect the structure of the buildings.

Here is an example of a typical before and after classroom refresh:

The below examples show the current state of classroom finishes – entrance doors are in need of refinishing, there is stained and worn carpet throughout; walls finishes are failing, damages have occurred due to the need of chair rail and window screen material has pulled away from the majority of the frames allowing insects to enter the spaces.

The total estimate for this project is \$93,655.35 with an approximate duration of 5 days per room. We would plan to publicize these improvements along with the funding source on our blog, the FS newsletter and post project boards with pertinent information in the hallways adjacent the classrooms being refreshed. This proposal has been built so that the committee can easily remove scope and deduct items as desired.

Please feel free to contact me with any questions or concerns. We thank you for your time and consideration.

Thank you,
