## QUARTERLY EMPLOYER NEWSLETTER

### *ANNUAL EMPLOYER SURVEY OPEN!*

Our annual employer survey is designed to help CSUCI understand the recruitment needs of our employer partners as well as the economic vitality of our local/regional community. We benchmark the data collected against results from two nationwide employer surveys by the National Association of Colleges and Employers (NACE) and the American Association of Colleges and Universities (AACU).

This year, Career is partnering with CSUCI's economic courses where the data will be reviewed and aggregate results shared with you throughout the academic year.

The survey closes **September 30th** so please click the link and take the survey. We appreciate your support!
