

CI 2025

Envisioning our Future

Academic Focus Group Sessions
June 26 & 27, 2014

Overview and Summary

Critical need and justification for a multi-project development:

Enrollment Growth CI is a growing campus (8% per year) with increasing demand; full build-out at 15,000 FTES.

Academic Need Enrollment growth requires additional academic space for faculty and students to interact and engage in scholarly work. Lecture and laboratory space is a critical need.

Student Housing Enrollment growth requires additional on campus student housing that is currently over-capacity. CI can accommodate over 400 additional students living on campus with current enrollment.

Residential Real Estate Market Real estate market in Ventura County is showing signs of improving. Phase 2A/B development opportunity exists.

Short-term projects – one to five years

Self-Funded:

- Student Housing expansion
- Univ. Glen housing expansion
- Health Center
- Surface Parking (1,000 spaces)
- Dining Commons expansion
- Child Care center
- PV Power Cell Generation

Partially Self-Funded:

- Events Center – “Field House” (multi-use facility with academic space)
- Athletic Facilities

Not Self-Funded:

- Science 2 Lab Building
- Secondary Entrance Road

Short-term selected projects
