

ENDOWMENT INVESTMENT SUMMARY FOR QUARTER ENDING MARCH 31, 2018

INVESTMENT PHILOSOPHY

The purpose of this statement is to establish clear investment policies and objectives of managing assets that the CSU Channel Islands' Foundation Board of Directors can understand, the Finance and Investment Committee can use as a goal to monitor against, and the Foundation's investment advisors can use for guidance. This statement is flexible to allow for changing economic conditions, for evaluating investment performance, and policy procedures.

The objective is to promote growth in the investment funds sufficient to offset normal inflation as measured by the Higher Education Price Index (HEPI), plus ensuring reasonable spending, thereby preserving the constant-dollar and principal for future generations, operating cash and reserves, while producing market-level income. The Foundation seeks to invest with fund managers who have incorporated ESG (Environmental, Social and Governance) and SRI (Socially Responsible Investing) principles in their investment process. The minimum total-return objective for the Permanently Restricted Endowment Net asset class shall be HEPI plus 5%. The Investment Policy will be submitted to the Foundation's Board of Directors periodically for review and recommended changes. Review will occur at a minimum of once every three (3) years. ***

Asset Allocation Policy as Defined by the Foundation Board

\$15,157,207 as of March 31, 2018

**Endowment Performance *
For period ending March 31, 2018**

To ensure impartiality, it is the policy of the CI Foundation that no member of the Finance and Investment Committee manage any part of the asset allocation or receive any compensation for advice.

RECENT FINANCE & INVESTMENT COMMITTEE ACTIONS

Q1-2018

The Committee continues to assess the portfolio in relation to the current volatile market conditions. They remain committed to protecting principal by assessing risk

Q4-2017

The Committee has assessed its current position in cash and made a decision to invest in TIAA-CREF Social Choice Low Carbon Equity Fund. This investment continues the Committee's commitment to investing in funds which have a low carbon footprint. They remain focused on maximizing returns while managing risk.

Q3-2017

The Committee continues to assess the portfolio and is taking actions to maximize returns. They remained focused on ESG and plan to further divest from fossil fuels in the near future; they have also committed to investing additional funds with fund managers who have incorporated ESG principles in their investment process. Emphasis is being placed on reducing the amount of investments currently held in cash to contribute to maximizing returns.

Q2-2017

The Committee is reviewing the current asset allocation. There was discussion related to certain fund managers, their performance and possibly moving to other fund managers. Further, the Committee is continuing to address rebalancing the portfolio to maximize returns to provide additional resources to the University and accommodate contingencies.
