

UNIV 392
South Africa
Jan 2-18, 2015
Faculty: Andrea Grove and Christopher Scholl

Emergency Plan

Contact with students: There is very little free time for students but in any of that time (especially, at night) when students are not under faculty supervision, we will have cell phone numbers of all students. In addition, all students will be asked to download a phone app that allows them to text message for free as long as they are in an area with wifi. The hotels will have wi-fi free, and many restaurants and shopping areas have free wifi. In addition, students will be given a card with phone numbers of both faculty, our guide Toni Sylvester, and the hotels at which we are staying. They will also be provided with phone numbers from a few taxi companies. Should an emergency occur involving the Ebola virus, we will be in touch immediately with Gary Berg and other relevant personnel.
