

COMBINED SECTIONS

Sections Combined

Use the Sections Combined Table page to create section combined IDs. Depending upon how you choose to define it, combine sections permanently or for just one time only. Combined sections can be within or across subjects, or both.

When classes are linked to a combined section, they are all given the same Event ID. The enrollment and wait list capacities are controlled both at the section level and at the sections combined level.

Combined Capacities

When combining sections, it is best that a Facility ID exists for only one of the classes on the Class Meeting Pattern/Instructor page. Before you combine sections be sure that a facility ID (if one was entered) exists for only one of the classes you're combining.

Combination Type. You combine sections Within Subject, Cross Subject, or Both.

Permanent Combination – If this flag is selected this group will roll forward in the term enroll.

Requested Room Capacity - Enter the requested room capacity

Enrollment Capacity & Wait List Capacity This is the total capacity for all classes in this group. If the combined capacity is less than the total of all the combined sections the capacity will be limited to the combined section capacity.

Enter **Class Number(s)** of sections to combine.
