COMMENCEMENT

CALIFORNIA STATE UNIVERSITY CHANNEL ISLANDS

May 18, 2024

**Candidates for Master's Degrees
Candidates for Credentials
Candidates for Baccalaureate Degrees**

Participation in Commencement may not represent completion of all degree requirements by May 18, 2024.

MISSION STATEMENT

Placing students at the center of the educational experience, California State University Channel Islands (CSUCI) provides undergraduate and graduate education that facilitates learning within and across disciplines through integrative approaches, emphasizes experiential and service learning, and graduates students with multicultural and international perspectives.

MISSION-BASED LEARNING OUTCOMES

CSUCI graduates will possess an education of sufficient breadth and depth to appreciate and interpret the natural, social and aesthetic worlds and to address the highly complex issues facing societies.

Graduates will be able to:

- Identify and describe the modern world and issues facing societies from multiple perspectives including those within and across disciplines, cultures and nations (when appropriate).
- Analyze issues, and develop and convey to others solutions to problems using the methodologies, tools and techniques of an academic discipline.

UNIVERSITY MASCOT

A petition was presented to CSUCI by local Chumash leaders that the dolphin be the University's official mascot. CSUCI officially adopted the dolphin as its mascot in March 1999.

In spring 2012 Student Government held an election to name our mascot and "Ekho" was selected. The name was selected due to echolocation abilities that dolphins possess and because it represents the student voice. The spelling of "Ekho" was selected as unique to our dolphin mascot.

UNIVERSITY COLORS

The school colors of CSUCI are red and silver. The red is consistent with the tradition of the region, and the silver is for the dolphin, the University mascot.

PRESIDENT'S MEDALLION

The Presidential Medallion is conferred on the President by the Chancellor of the California State University system as a symbol of the authority and responsibility of the office and is worn by the President with academic regalia at official functions.

The Presidential Medallion is a silver disk engraved with the University seal. The seal includes an image of the Bell Tower in the forefront with a rising sun in the background. The Bell Tower is an important symbol for the campus and serves a function like bell towers around the world—as a community center. The rising sun behind the Bell Tower signifies the birth of the University, with the light of knowledge and warmth of engagement emanating from the University.

THE UNIVERSITY MACE

The CSU Channel Islands Mace represents the authority of the University at official and ceremonial functions for the lifetime of the institution and is carried by the Chief University Marshal. Designed and crafted by renowned artists David Elder and Linda Elder of Ventura County, the Mace is an important symbol of the University and its design reflects the spirit of the campus. The staff is carved from native walnut, signifying the growth of the University on California soil, which had been the land of the Chumash peoples before California existed.

On each of the four sides of the bronze finial is a carved medallion; these are the University's seal, the California State University seal, an atom, and the book of knowledge. The latter two signify scholarship, research, and service to humanity. At the pinnacle of the mace, two dolphins dance in the waves, symbolizing the campus' proximity to the Pacific Ocean, the richness of its marine life and the learning opportunities it provides, and the selection of the dolphin as our campus mascot.

COMMENCEMENT TRADITIONS

CSUCI celebrates a number of commencement traditions, including:

- The striking of a Navy ship bell is bestowed upon an honored staff member of the campus community, and symbolizes the official opening of the commencement ceremony;
- A blessing provided by a Chumash leader signals our recognition of building on the knowledge base of the indigenous people who first inhabited this area;
- The graduates' passage through an arch symbolizes the completion of their degrees and entry into a new phase of their lives. The commencement arch was gifted to the University from the Class of 2004;
- Carrying the Light of Learning symbolizes the University's commitment to a life of the mind and the central role played by our outstanding faculty. The Honorary Marshal who carries the Light of Learning is selected by the President as an administrator or faculty member who has demonstrated an extraordinary commitment to our students and the University;
- A welcome greeting in a second language symbolizes the University's mission to graduate students with multicultural and international perspectives;
- Sounding of the Bell Tower carillon signifies the last candidate crossing the platform.

PROGRAM HONORS

Students receiving Program Honors (Department Honors) have been recognized by the faculty in their major department for bringing distinction upon themselves and the department through their outstanding accomplishments at CSUCI. Factors considered may include the student's contributions to the discipline, department, the University, and/or the external community; academic achievement, including major, CSUCI, and overall GPA; participation in undergraduate research, community engagement, study abroad, and service learning; and other contributions consistent with the mission of CSUCI. They are denoted by + in the Candidates for Baccalaureate Degrees listings.

Please see pages 27-31 in this program for the Honors Candidates and Honor Societies listings.

A MESSAGE FROM CALIFORNIA STATE UNIVERSITY CHANCELLOR MILDRED GARCIA

Dear Class of 2024:

Please accept my warmest and most heartfelt congratulations on achieving a truly momentous goal in your life. Just a few short years ago, you set your sights on earning a degree. Now, that goal is a reality. I hope you feel a well-earned sense of pride.

Even as numerous forces upended our world, you held firmly onto your dreams and persisted in your studies through challenges none of us could have foreseen or imagined. By necessity, you have developed and honed attributes that will benefit you for a lifetime. Your resilience and adaptability will become career strengths. Your creativity and resourcefulness will define you. Your courage and determination are, in my eyes, already legendary.

Moving forward, you will face new opportunities with the potential for great success. I am sure that you will excel because you have the knowledge, skills and connections gained through your California State University education.

Your personal and educational transformation was aided by faculty, who trained you to look at the world with a critical eye and an open mind. Their efforts were supported by the work of your counselors, advisors, librarians, tutors and coaches who created an encouraging environment for you to succeed. All the while, your family, friends, colleagues and loved ones kept you motivated and saw you through your academic journey.

Your accomplishment today fills all of them – all of us – with pride.

You are now part of a network of over four million CSU alumni who are powering the social and economic prosperity of our state – and far beyond. You join fellow alumni who are solving our greatest challenges, educating the next generation, fighting for equality, and creating new opportunities for economic prosperity.

I encourage you to stay connected to the CSU. Use these connections – both to your university and to other CSU alumni – to expand your opportunities and make a meaningful impact on your community and the world. I also encourage you to support the generations who endeavor to follow in your footsteps.

The word we use to commemorate an earned university degree is “commencement.” This is, of course, deliberate. Today is not an end, but rather a beginning. And as you continue on your life’s journey, may your hard work and sacrifices pay dividends far beyond today’s celebration, both in your life and in the lives of those around you.

Congratulations, California State University Class of 2024! I look forward to all that you will accomplish.

Felicidades!

Warmly,

Mildred García, Ed.D.
Chancellor

HONORARY DOCTOR OF HUMANE LETTERS

VANESSA BECHTEL

Ms. Bechtel is the current President and CEO of the Ventura County Community Foundation (VCCF). The foundational purpose of VCCF is to connect philanthropic resources with community needs and Vanessa's immeasurable commitment to the region and drive to create positive change is a large factor for VCCF's success. Her changemaking ability extends to the campus directly through her advocacy for, and on behalf of, our developing Early Childhood Care & Education Center. Ms. Bechtel has also been the driving force behind a community project called the "Isabella Project," a pilot program to provide high quality, early childhood education to 100% of three- to four-year-olds in Santa Paula. She also championed a partnership to start the "805 Undocumented Fund for CSUCI Students" at VCCF and in partnership with 805 Undocu Fund, to support undocumented students at CSUCI who are participating in high-impact programs such as Student Undergraduate Research Fellows (SURF) and the Embedded Peer Mentor programs.

HONORARY DOCTOR OF HUMANE LETTERS

ANGELA TIMMONS

6

Dr. Angela Timmons is a fervent advocate for mental health, student success, and the Ventura County community. She has dedicated her professional life to supporting peoples' mental health as a licensed clinical social worker and college counselor. She is an involved member of the Community Advocacy Coalition (CAC) of Ventura County, which has provided our campus with opportunities for student internships, community-based research, involvement with Super Saturday and Super Sunday, as well as her work with other organizations that work to advance diversity, equity, and inclusion throughout the region. CSUCI was fortunate to benefit from her advocacy and intellect directly for six years while she served as a member of our Counseling & Psychological Services team and supported countless students during some of their most challenging moments. Most recently, Dr. Timmons has become an inaugural member of the John Spoor Broome Library Advancement Council, which provides leadership for the advancement of the Library within the University and with community constituents.

Both Ms. Bechtel's and Dr. Timmons' time, talent, and expertise have made valuable impacts on the successes of our students and the entire campus community. We have been fortunate to have them as partners, advisors, and advocates for our mission. They each exemplify CSUCI's commitment to being a student-centered university that supports all students and empowers them to become leaders in their communities.
