SUMMARY OF CHANGES

The currently approved business B.S. allows students to take either ECON 310 *or* ECON 329, and also to take either ECON 311 *or* ECON 320. The proposed program change requires all business B.S. students to take both ECON 310 and ECON 311.

JUSTIFICATION

The business B.S. at CI has a goal of combining instruction in the typical business disciplines (e.g., management, marketing, accounting, finance, MIS) with a liberal arts core. Part of that liberal arts core is a solid foundation in economics. The foundation of the economic way of thinking, however, can be found in the four main theory courses: ECON 110, 111, 310, and 311. We have amended the business B.S. program to reflect that these courses are primary to the economics foundation in our business degree, while ECON 320 and 329 are topics-courses that students ought to study, but are not of primary importance to the business degree.
