

## **Facilities Services Recent Maintenance Repair and Landscape Activities at University Glen**

Facilities Services (FS) is pleased to share an update of our new, ongoing and recently completed projects. We continually strive to improve and maintain University Glen and our beautiful campus. Our staff takes pride in providing the highest quality service by using resources effectively and efficiently.

### **University Glen Streets Slurry Sealing**

FS Contractors are in the process of adding slurry seal to the streets throughout University Glen and Town Center. This week slurry seal is being added on to Channel Islands Drive and Anacapa Island Drive. The slurry seal is used to preserve the asphalt surface of the streets for longer periods of time. Please be aware that during this process sections of the streets will be closed. This project is expected to be completed by July 2017.

Thank you for following our Project Updates!
