Residential Dining

UAS is passionate about supporting our students and the University by creating community through delicious and nutritious food.

- All residents must purchase a meal plan (smaller plans for students with kitchens).
- Meal plans consist of meal “swipes” in residential dining facility and Dining Dollars to spend at other on-campus eateries.
- COVID-19 food service may look different - stay updated by visiting the UAS website (https://uas.csuci.edu/hospitality/hospitality-services.htm).

COVID-19 Safety Considerations

• COVID-19 Vaccine Information:
  • If there is full FDA approval of at least one vaccine, the CSU and the UC announced on April 22, 2021 that faculty, staff, and students who are accessing campus facilities at any university location will be required to be immunized against SARS-CoV-2, the virus that causes COVID-19. This requirement will become effective at the beginning of the fall 2021 term, or upon full FDA approval of the vaccine, whichever occurs later.
    • Medical and Religious Exemptions will be considered.
    • Without Full FDA approval, students will still be able to certify their vaccine status.
    • Online vaccine or vaccine exemption certification will begin in July.

• Unvaccinated students are subject to routine surveillance testing
• Face masks and some physical distancing may be required
• Large gatherings may be limited
• Cleaning and Sanitizing Guidelines may be provided for students to use in their rooms, suites, and apartments
