Instructions for Request for Release from the Student Housing License Agreement

The Housing & Residential Education License Agreement is binding for the entire academic period that the license agreement is contracted for. The provisions for obtaining a contract release are outlined and provided in part below.

Requesting Release
A student may request release from the license agreement and be considered for approval under the following circumstances:

- **Marriage** during the term of the license. Certified copy of marriage certificate is required.
- **Student status change** which includes withdrawal from all classes, graduation, medical withdrawal, except in cases of housing or university conduct violation. Provide documentation verifying disenrollment.
  - **NOTE:** HRE does verify enrollment each term and will reinstate license fees for any licensee that is released for reason of “change in student status” and is later found to be enrolled.
- **Hardship Consideration:** In the event of an extreme change in financial, medical, or personal situation since entering into the housing agreement, release from the housing agreement may be possible. Documentation of this change is required and must prove the severe difficulty or impossibility of continuing in the license, as determined by Housing & Residential Education. This is a subjective consideration for the student and for the University. Hardship requests are reviewed and may be approved or denied based on the severity of the hardship and whether or not it could have been foreseen when the license was originally signed.

PLEASE NOTE: Qualifying residents must complete the Request for Release from the Student Housing License Agreement on the reverse, attach a letter that describes the circumstances that necessitate a release, and include any additional documentation verifying the request; for example a doctor’s note or documentation of employment termination.

Letters must be addressed to Janel Suliga, Director of Housing Services & Operations. Approved requests will be effective no fewer than 30 days after the date of the request; therefore, early request is advised. Requests are never approved simply because a resident would prefer to live off-campus.
