PROJECT NEWSLETTER | AUG 2021 | VOLUME 3

PROJECT GO-LIVE FOR CHRS RECRUITING!

We welcome you to the new recruiting system - CHRS Recruiting! As of July 21, 2021, Channel Islands joins the 23 CSU campuses in efforts to streamline and efficiently recruit, hire, and onboard employees. Our project team, broad in composition, displayed talent and tenacity to make this project a success. In addition to the project team, project stakeholders from across divisions simulated recruiting actions via system testing environments. In sum, all of your direct participation and feedback are recognized as partnership in this endeavor. Our commitment to training continues with post-implementation support. We encourage you to visit the CHRS Recruiting webpage for system information, training, and resources. Thank you for all you do to make CSUCI a better place for learning and growth.

	Sacramento	12280
	Channel Islands	12010
	Monterey Bay	10290
	San Marcos	10025
	Northridge	9980
	Humboldt	9950

Congratulations to CSUCI!

CSUCI ranked Top 3 for project implementation points in a friendly competition against other campuses. Our campus joined in on wave 5 of implementation groups which included both small and large campuses, such as: Sacramento, Monterey Bay, San Marcos, Northridge and Humboldt. Points earned are for completion rates of tasks, survey participation, and meeting attendance. We are Top-Rated - Kudos to the project team!

CHRS RECRUITING & BEYOND

Project implementation is only the beginning! In partnership, Faculty Affairs and Human Resources provide continuous support via virtual workshops, training resources, and process guides. Learning opportunities for the new recruitment process are now available:

- [August 20, 2021 - CHRS Recruitment Job Card/Approval Training](#)
- [CHRS Recruiting webpage](#)

[Learn More >>](#)

A refreshed CSUCI Careers page also enhances our recruitment process here at the university. Visit the [CSUCI Careers Page](#) to explore what's new and share our campus' employment opportunities within your dolphin pod connections. Continuous improvement is important to us so please send feedback on our new pages to [CHRS Recruiting Communications](#).
