It is the goal of Intercultural Services to bring together all campus partners, from students to faculty to staff. To achieve this goal, Intercultural Services has created an events calendar to educate on, advocate for and celebrate the issues of diversity and equality of underrepresented minorities on and off campus.

We hope that we will see you, your friends, your colleagues or your class at our events and that all will walk away feeling inspired and empowered. This year we are also excited to debut our documentary series, “Movies with Mo.”

If there is anything that Intercultural Services can do to support your initiatives to promote understanding and advocacy on campus, please contact us. We are here to collaborate with you.

Persons who, because of a special need or condition, would like to request an accommodation should contact Disability Resource Programs at 805-437-3331 no later than five business days before the event.

For questions, contact Motoko Kitazumi, Coordinator of Intercultural Services at motoko.kitazumi@csuci.edu or call 805-437-3243.
