Requirements and Signatures

Please provide the following in your application:

1. **Brief Activity Description.** Describe the activity and its relationship to the educational objectives of the students’ program or major.

   I request funds to support student travel to the SOCIETY of CALIFORNIA ARCHAEOLOGY (SCA) annual conference in Rohnert Park, CA. The three students travelling to this meeting will present the results of the research conducted under my supervision. The research focuses on identifying prehistoric settlement and human activities of Ventura County during the last 2,000 years. The meeting will be March 10-13, 2011. Participation in the meeting is an excellent opportunity for the students to present their research, to learn about current research in archaeology, and to meet and network with potential graduate programs and employers.

2. **Relation to IRA to Course Offerings.** All IRAs must be integrally related to the formal instructional offerings of the University and must be associated with scheduled credit courses. Please list all classes that relate to the program proposed.

   The students presenting the research collected the data during University 498 activities (Spring 2009 and Spring 2010). The data analysis is ongoing via liberal studies capstone and Anthropology 377, Archaeological Method and Theory (Dr. Delaney-Rivera as supervising faculty). Final data analysis may occur for one student during Spring 2011 via liberal studies capstone (with Dr. Delaney-Rivera as advisor). University 498 courses require public dissemination of results, and the SCA meeting is an excellent place to do so.

   Two of the three students presenting the research are currently scheduled to graduate December 2010. I ask that the IRA fund travel for these students, as the data collection and analysis has been completed while they were enrolled as students at CSUCI.

3. **Activity Assessment.** Describe the assessment process and measures that the program will use to determine if it has attained its educational goals. **Please note a report will be due at the end of the semester.**

   Students will complete a survey regarding what they learned during the conference and the presentation of the research. Dr. Delaney-Rivera will also interact with conference participants to determine how well the students have disseminated the research to members of our discipline.
4. **Activity Budget.** Please enclose a complete detailed budget of the entire Activity bold specific items of requested IRA funding. (Page 4)

**Costs request through IRA (per student)**

- Accommodations (3 nights) $300
- Conference registration $30
- Mileage, 424 miles@50 cents/mile $212

(travel to Rohnert Park is difficult via airplane, driving is the most cost effective mode of transportation)

Subtotal: $542/student  
Total Request: $1,626

Additional Costs to be covered by students
- Meals ($30/day) $90
- SAA student membership $30
- Poster printing $30

Subtotal per student: $150  
Total out of pocket expenses: $450

5. **Sources of Activity Support.** Please list the other sources of funding, and additional support for the activity.

An application will also be submitted to the Student Research Steering Committee for Lottery Funds which have been earmarked for student conference travel.

7. **Acknowledgment.** Project Sponsor and Program Chair acknowledge that they have reviewed and accepted the Conditions and Considerations detailed on page 2.
