The Women of Color Peer Mentoring Program

What is Peer Mentoring?
The Women of Color (WOC) Peer Mentoring program is a great opportunity for CSUCI students who identify as WOC to help other WOC like them succeed in an intentional and purposeful way. Current successful students who are seeking an empowering interpersonal leadership experience and who meet the program criteria are encouraged to apply to become Peer Mentors. Peer Mentors are committed to sharing their personal and academic experiences to encourage, guide, challenge and support new students in their academic growth, goal achievement, and overall success as a CSUCI student. The program matches successful continuing students with new students, connecting them as partners for a yearlong experience.

The WOC Peer Mentoring Program Purpose
The WOC Peer Mentoring Program is a great opportunity for our WOC at CSUCI to find community, develop a sense of belonging, and seek academic support resources. The impetus of this initiative stems from the Graduate Initiative 2025 to increase graduation rates for all CSU students while working to eliminate opportunity and achievement gaps. Therefore, the purpose of the WOC Peer Mentoring Program is to promote the improvement of academic success, persistence and successful graduation of student participants.
