## Help others at this time of year by making a gift to CI

The final weeks of the season give you an opportunity to balance your income and giving for the tax year. When you give a gift to a qualified nonprofit organization, you receive an income tax deduction.

Your gift can go a long way toward helping our University. This holiday season,

consider the gifts that you would like to make, and then make them happen.

As you review your income for the year, you may find that you want to offset it with a charitable deduction. You may also want to support the University with a legacy gift, by including CI in your will or trust.

**Become a CI Legacy Society member by including CI in your will or trust.**

*Contact us by March 1, 2017 and attend our Legacy Luncheon later that month.*
