

# Are you interested in a career in biomedical or biobehavioral sciences?

Take this elective summer course to find out!

## HLTH 490: AN EXPLORATION OF BIOMEDICAL AND BIOBEHAVIORAL RESEARCH

- Using Huntington's disease as the thread, this 3 unit class will:
- show you how scientists investigate diseases and find cures;
  - offer an overview of research in human health and disease, from the molecular to the behavioral;
  - enhance your graduate/medical school applications.

When: Summer I, M/W, 9 am – 3 pm (section 01)  
Summer II, M/W, 9 am- 3 pm (section 02)  
Summer II, T/TH, 9 am – 3 pm (section 03)

Open to majors in Psychology, Health Science, Math, Chemistry, Physics and Biology (limited to 20 students per section). Three field trips are included in the curriculum (no cost to participants).

Instructors: Drs. Hugo Tapia, Gareth Harris, Beatrice de Oca and Sonsoles de Lacalle.

**A scholarship of \$300 will be awarded towards tuition.**
