Dear Friends

How would you like to play a round of golf, have some fun, enjoy a barbecue and auction, and, at the same time, play a part in the development of California State University Channel Islands?

In addition to enjoying golf—with friendly competition and prizes at either of two prestigious courses—you’ll play an important role in the establishment of the CSUCI intercollegiate athletics program.

The University has already hired a nationally known expert, Cedric Dempsey, former head of the National Collegiate Athletic Association, as its advisor in the creation of a respectable and competitive program.

The most important and critical part of this development is funding.

The creation of an athletics program brings so much to a community. The CSUCI athletics program will become a unifying element that brings pride and enjoyment to Ventura County. And you can help us achieve that.

Thank you for your continued support of California State University Channel Islands.

Cindy Wolfsohn
Tournament Chair
