CHRS Recruiting Is Now Live!

Channel Islands is pleased to announce another **Common Human Resource System**.

CHRS Recruiting is now live and ready for your next recruitment!

Thank you to everyone who made the launch successful and for taking the opportunity to provide your feedback. This highly rated recruiting system will be used for tenured, tenure-track, full- and part-time faculty recruitments, as well as staff and MPP recruitments. We will continue to work with each of your departments to provide the training and support you need to successfully complete tasks such as opening job cards to filling the position.

We are among the 23 CSU campuses migrating to the new recruiting system, resulting in a common HR application utilized by all CSU institutions, serving as the foundation for the next phase of CHRS. This system will help us perform recruiting in a more efficient manner, as well as onboard employees more effectively.

To access CHRS Recruiting: [Log-in \(requires CI credentials\)](#)

To access CSUCI jobs, visit: <https://jobs.csuci.edu>

We encourage you to visit the [CHRS Recruiting webpage](#) for system information, training, and resources.

If you have any questions, please contact [CHRS Recruiting campus communications](#).
