Goal

Objectives

Actions

Our Charge: *Create structure* for implementation process and public *accountability* of the Strategic Initiatives.

1. Educational Excellence

Ensuring students graduate with the high-level knowledge, skills and experience necessary for engaged citizenship and career success.

Collaborating across Academic and Student Affairs to increase student engagement.

- 1.1 Continue to develop courses that are interdisciplinary and immersive, which provide opportunities for deep learning and the cultivation of critical thinking skills.
- 1.2 Increase opportunities for students to engage with the regional community to apply their learning and address meaningful challenges.
- 1.3 Continue to expand opportunities for students to develop a deep sense of civic engagement to become catalysts for social and economic progress in the community.
- 1.4 Ensure that all students experience multiple high-impact learning opportunities through the course of their education (e.g., capstones, study abroad, living-learning communities, field courses, internships etc.).
- 1.5 Expand opportunities for undergraduate research and creative activity across the curriculum.
- 1.6 Expand on-campus student employment opportunities that directly improve student success while simultaneously fostering leadership, critical thinking and communication skills (e.g., peer mentoring, in class tutoring).
- 1.7 Increase co-curricular engagement to strengthen community and support the achievement of academic goals.

Assuring faculty and programs are supported to promote educational excellence.

- 1.8 Continue to improve tenure density to ensure student access to meaningful mentorship and guidance from faculty.
- 1.9 Develop a comprehensive Academic Master Plan to outline projected academic degrees, certifications and credentials.
- 1.10 Provide increased support for faculty development that enhances the quality of teaching, research and creative activity.
- 1.11 Support staffing strategy for Academic Affairs to free faculty time to engage in instructional and scholarly pursuits.

Structure & Accountability

- Structure for capturing existing and new work
- Process for engagement
- Determine metrics
- Public accountability to demonstrate work and progress

What to do while we create structure?

1. Educational Excellence

Ensuring students graduate with the high-level knowledge, skills and experience necessary for engaged citizenship and career success.

Collaborating across Academic and Student Affairs to increase student engagement.

- 1.1 Continue to develop courses that are interdisciplinary and immersive, which provide opportunities for deep learning and the cultivation of critical thinking skills.
- 1.2 Increase opportunities for students to engage with the regional community to apply their learning and address meaningful challenges.
- 1.3 Continue to expand opportunities for students to develop a deep sense of civic engagement to become catalysts for social and economic progress in the community.
- 1.4 Ensure that all students experience multiple high-impact learning opportunities through the course of their education (e.g., capstones, study abroad, living-learning communities, field courses, internships etc.).
- 1.5 Expand opportunities for undergraduate research and creative activity across the curriculum.
- 1.6 Expand on-campus student employment opportunities that directly improve student success while simultaneously fostering leadership, critical thinking and communication skills (e.g., peer mentoring, in class tutoring).
- 1.7 Increase co-curricular engagement to strengthen community and support the achievement of academic goals.

Assuring faculty and programs are supported to promote educational excellence.

- 1.8 Continue to improve tenure density to ensure student access to meaningful mentorship and guidance from faculty.
- 1.9 Develop a comprehensive Academic Master Plan to outline projected academic degrees, certifications and credentials.
- 1.10 Provide increased support for faculty development that enhances the quality of teaching, research and creative activity.
- 1.11 Support staffing strategy for Academic Affairs to free faculty time to engage in instructional and scholarly pursuits.

- Keep working!
- Capture baseline data.
- Ensure action, objective and goal metrics are aligned.
- Measure progress and make course corrections as needed.
