Title:

CAPS Case Manager

Strategic Initiatives Addressed:

Student Success: 2.1, 2.14

Inclusive Excellence: 3.6

Total Request:

\$111,600

One-Time Funding Recommendation:

\$111,600

Summary:

Student Affairs has identified a strong need for a Case Manager for Counseling & Psychological Services (CAPS). A Case Manager will provide the connection between on campus and external support services for the behavioral health needs of our students. These services range from Basic Needs support to long-term behavioral health needs that extend beyond the capacity and purpose of CI's CAPS department. In addition, this position will provide increased capacity during peak times for students seeking counseling services.
