

# Strategic Initiatives Summary Guide 2019

## STUDENT RESEARCH

### Champion:

Sean Kelly, Luis Sanchez

### Abstract (150 Words):

Strategic initiatives support granted through the Strategic Initiatives process will support and expand faculty-mentored student research support and inclusion. Funds will be expended between December 2018 and August 2020. The 18-month window is optimal for using funds in a systematic way to maximize the long-term impact of this investment.

### Strategic Initiatives The Project Addressed:

Student Success; Inclusive Excellence, Capacity and Sustainability

### Baseline Data/Current Status:

1. Support faculty who are currently engaging in faculty-mentored student research
  - Summer SURF Program
  - Funding for Students to present at conferences
2. Expand the number of faculty involved with faculty-mentored student research
  - 17 disciplines have been represented in SURF
3. Develop pedagogical resources that encourage faculty to incorporate inquiry-based elements in their courses
  - 1 module currently available

## **Baseline Data/Current Status (Cont.):**

## **Additional Notes:**

4. Support students who aspire to engage in faculty-mentored student research
  - **Summer SURF Program**
  - **Promoting opportunities**
  - **Consult with students looking for research opportunities**
5. Expand participation of Community College faculty and students in CI student research-related opportunities and events
  - **Three CI faculty are regional transfer fellows. Participation of CC faculty and students is minimal**

## **Mesurable Outcomes:**

Bolded above in Baseline Data/Current Status.

## **Timeline (3 to 5):**

**Summer 2019-** Summer Surf program

**Summer 2019-** Pilot Student Inquiry Faculty Development Program

**Fall 2020-** Finalize 5 modules to support student research in the classroom

**Fall & Spring 2020 to 21-** Expand Learning Communities
