Traffic and Parking Regulations

Notice and Responsibility

All vehicles entering and/or parking on the California State University Channel Islands (CSUCI) campus property must be licensed, registered, and insured in accordance with applicable state laws. Vehicle operators may be required to provide proof of insurance. CSUCI is not responsible for vehicle damage or items stolen from vehicles.

Parking on campus is by permit only with the exception of metered and visitor parking spaces. Parking is restricted to designated parking lots. Unless indicated by signage, parking on the street is prohibited on campus and outlying areas. The one exception is the University Glen residential community.

Authority and Purpose

In accordance with California Vehicle Code Section 21113(a) and Title 5 of the California Code of Regulations Sections 42200 and 42201, the following regulations will be enforced on this campus by Transportation and Parking Services (TPS) and University Police. This includes holidays, weekends, and other periods when classes are not in session. A reference copy of the California Vehicle Code is available at TPS.

All California Vehicle Code laws pertaining to vehicular operation and parking are in effect and enforced on campus 24 hours a day, 7 days a week. Citations will be issued for violations of any section of the California Vehicle Code. Citation Appeals and Administrative Hearings procedures shall be in accordance with the California Vehicle Code sections 40215 and 40220.

The purposes of these regulations are to: 1) expedite CSUCI business and provide maximum safety and convenience, 2) regulate parking, with priority given to services of the CSUCI, and 3) provide and maintain suitable campus parking and traffic facilities.

The concept of “pay for parking” on campuses of The California State University is at the direction of the State Legislature and is based on the philosophy that parking facilities must be paid for by the user. CSUCI TPS is responsible for enforcement, maintenance, and operation of the parking facilities. As used within these regulations, “campus” describes all property owned, leased, and/or controlled by CSUCI, which is or may hereafter be dedicated mainly to the educational, research, housing, recreational, parking, or other activities of CSUCI.
