

Safety, Monitoring & Oversight

Program Monitoring

Program usage is monitored to ensure compliance with eligibility rules and to identify patterns inconsistent with program intent.

Monitoring may include:

- Time-of-use review
- Origin and destination verification

Individual privacy is respected while maintaining program accountability.

Enforcement Actions

If misuse is identified, the following actions may be taken:

1. Informational notice or warning
2. Temporary suspension of program access
3. Revocation of access for the remainder of the academic term

Enforcement actions are intended to preserve fairness, safety, and long-term program sustainability.
