

CSUCI Police Department Training Outline

Naloxone Administration

Introduction:

1. Instructor: Sergeant Curtis DeBoni
2. Date: 03-02-2019
3. Definition and historical purpose: The purpose of this training is to provide instructions and guidance for CSUCI PD officer's administration of Naloxone.
4. Justification for the class: CSUCI PD is about to start deploying Naloxone so officers can better treat suspected and known opioid overdoses.
5. Time Frame: 30 minutes

Materials and/or handouts to be used in the class:

1. Naloxone
2. Lexipol Policy 430- Medical Aid and Response
3. Ventura County Emergency Medical Services Policy Number 705.18- Overdose
4. VC EMS Naloxone (Narcan) Administration training PowerPoint
5. Youtube video "How to Use NARCAN Nasal Spray"
<https://www.youtube.com/watch?v=hGVSaO1oxpg>

Course Objectives:

Upon completion of this course the learner will be able to:

1. Properly administer Naloxone during suspected or known opioid overdoses

Course Overview (Describe how the course will flow and how topics will be covered):

1. Summary of topics
 - a. Review Lexipol Policy 430- Medical Aid and Response
 - b. Review Ventura County Emergency Medical Services Policy Number 705.18- Overdose
 - c. Overview of Naloxone Program
 - d. Watch Youtube video "How to Use NARCAN Nasal Spray"
<https://www.youtube.com/watch?v=hGVSaO1oxpg>
 - e. Review VC EMS Naloxone (Narcan) Administration training PowerPoint

2. Format of the class including breaks
 - a. 30 minute training with no breaks
3. Practical evaluation or written exam
 - a. Verbal demonstration of proper use

Content (List each topics main points and relevancy to meeting the course objectives):

1. Review Lexipol Policy 430
 - a. Specifically Lexipol Policy 430.9, related to the Administration of Opioid Overdose Medication
2. Review Ventura County Emergency Medical Services Policy Number 705.18- Overdose
 - a. Covers EMS protocol for overdoses, specifically opioids for this training, and the administration of Naloxone
3. Overview of Naloxone Program
 - a. CSUCI PD carries Narcan (4mg), a brand name for Naloxone, which is administered via a one-time nasal spray bottle
 - b. Each patrol vehicle EMT bag is equipped with one bottle of Narcan, which is stored in a small blue Pelican case.
 - c. During this training, officers will examine a bottle of Narcan and become familiar with it.
 - d. Narcan will be administered by CSUCI PD officers who have received the applicable training provided by AMR and will adhere to Ventura County EMS Policies, Lexipol policies, and the manufacturer guidelines.
 - e. At the beginning of each shift, officers should ensure the Narcan is serviceable and not expired.
 - f. If the Narcan is used or otherwise needs to be replaced the officer should remove it from service and immediately email the training sergeant about its status.
4. Watch Youtube video “How to Use NARCAN Nasal Spray”
<https://www.youtube.com/watch?v=hGVSaO1oxpg>
5. VC EMS Naloxone (Narcan) Administration training PowerPoint
 - a. Review PowerPoint Slides

Resources (Penal Code sections, Manuals, Written Directives, etc.):
