1. How do I find my Bank Account Information?

- Most major banks have a mobile banking app and website through which customers can access their bank account and routing numbers
  - i. Access your bank website, look for the search window (or magnify glass), and type **'find my account and routing number.'**

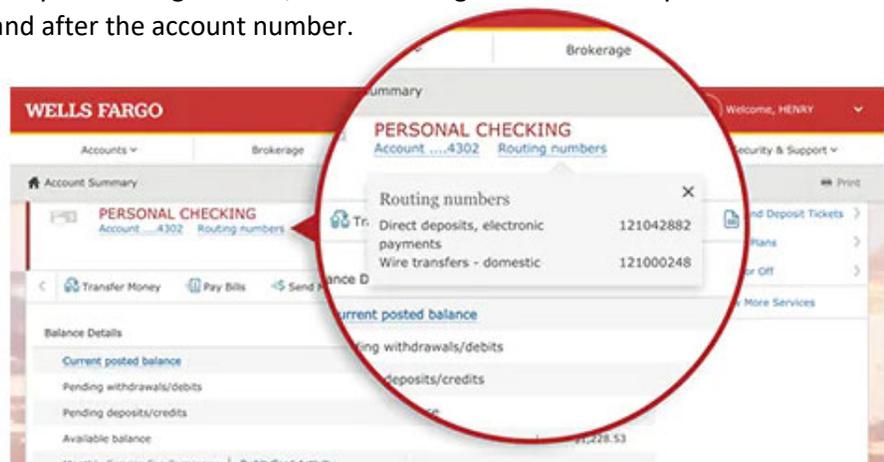

- ii. This example is specific to Wells Fargo Bank customers. **Please use your banks website** to find how to access your banking information.

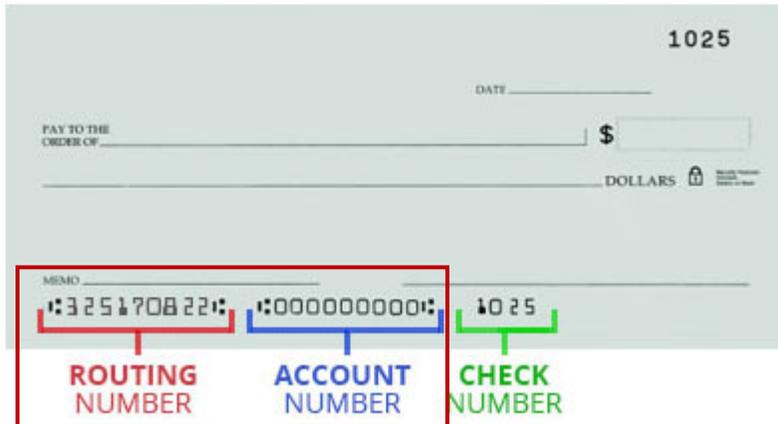

1. To access your full account number, select **Account** and the **4 numbers** directly below the account name.

2. To Access your routing number, select Routing numbers directly below the account name and after the account number.

- If you have a paper check the routing and account numbers are printed on the bottom of your check.

- **Do not** attempt to use credit card cash advance checks, brokerage account checks, or any other checks marked “Do Not Use for ACH”
- Your ATM/Debit card number is not your checking/savings account number

The CSU makes every effort to keep student costs to a minimum. Fees listed in published schedules or student accounts may need to be increased when public funding is inadequate. Therefore, CSU must reserve the right, even after fees are initially charged or initial fee payments are made, to increase or modify any listed fees. All listed fees, other than mandatory systemwide fees, are subject to change without notice, until the date when instruction for a particular semester or quarter has begun. All CSU listed fees should be regarded as estimates that are subject to change upon approval by the Board of Trustees, the Chancellor, or the Presidents, as appropriate. Changes in mandatory systemwide fees will be made in accordance with the requirements of the Working Families Student Fee Transparency and Accountability Act (Sections 66028 - 66028.6 of the Education Code).
