The CSU makes every effort to keep student costs to a minimum. Fees listed in published schedules or student accounts may need to be increased when public funding is inadequate. Therefore, CSU must reserve the right, even after fees are initially charged or initial fee payments are made, to increase or modify any listed fees. All listed fees, other than mandatory systemwide fees, are subject to change without notice, until the date when instruction for a particular semester or quarter has begun. All CSU listed fees should be regarded as estimates that are subject to change upon approval by the Board of Trustees, the Chancellor, or the Presidents, as appropriate.

Changes in mandatory systemwide fees will be made in accordance with the requirements of the Working Families Student Fee Transparency and Accountability Act (Sections 66028 – 66028.6 of the Education Code).

Important Things to Know about Dropping Classes

❖ After the first day of instruction, students are charged prorated fees for the time they hold space in a class that they choose to drop.
  ➢ The proration fee is approximately 1% of the applicable tuition balance per day
  ➢ The proration charge will only take place if you drop units resulting in a lower tuition level and do not replace the units within 3 days (i.e. full-time to part-time or part-time to 0 units).
    ▪ If you intend to replace the dropped units, we suggest using the “enrollment swap” option in the Academics section of your Student Center page. This will allow you to drop a course and add a course in the same transaction and avoiding the proration of fees. Instructions can be found here: [https://www.csuci.edu/registrar/registration-video-tutorials.htm](https://www.csuci.edu/registrar/registration-video-tutorials.htm)

❖ The last day to drop classes without being charged prorated fees is Friday, August 21, 2020.
❖ Students are responsible for monitoring their account balance and are encouraged to contact Financial Aid and Student Business Services to understand the financial ramifications resulting in withdrawing from classes.
  ➢ Financial Aid is awarded based on your enrollment status. If you drop units, your financial aid may be adjusted resulting in a balance due on your student account.
  ➢ We advise you to monitor your account when making changes to your enrollment. To prevent disenrollment from some or all your classes, payment for any balance due will need to be submitted by the published due date.
Here are some examples of the proration of fees

Example 1
❖ Student is enrolled in 12 units and drops to 0 units before Friday, August 21, 2020.
 ➢ There will be no proration of tuition fees on the account, because all enrollment was dropped prior to the start of the semester.

Example 2
❖ Student is enrolled in 9 units and drops to 6 units on Wednesday, August 26, 2020.
 ➢ The student will be charged the part-time tuition rate of $2,212 and an estimated $130 in prorated full-time tuition fees for the time space was held in the dropped class.

Example 3
❖ Student is enrolled in 6 units and drops to 0 units on Friday, August 28, 2020.
 ➢ The student will be charged an estimated $153.41 in prorated part-time tuition fees for the time that space was held in the dropped classes.
