Public Comment Period (Pursuant to Government Code section 11125.7)

Chairperson Considine called for public comments. Homeowner Carolyn Phillips presented a handout to the Board titled “A Statement to the Site Authority.” In it she asked that the Homeowners Advisory Committee (HAC) minutes be made available to the Site Authority Board, and requesting an updated Exhibit C. Also requested was inclusion in the selection of a property manager for University Glen. Additionally, Ms. Phillips raised questions about the recently conducted independent audit.

Chairperson Considine asked if there were further public comments, and being that there were none, he closed the public comment period.

Chairperson Considine then reminded the Board of University Glen’s original purpose, which was to provide residences for faculty and staff. He said that although much has been accomplished, over time a
few issues have arisen, which are currently being addressed. He urged attendees keep sight of the sense of the precious place that is University Glen.

Councilwoman Craven asked about the list of questions and answers that had been discussed during the December 14, 2015 meeting, specifically with regard to combined funds, and how interest earned is then allocated to various funds.

Supervisor Parks indicated that she is glad that a property manager has been hired. Finally, Dr. Blaine said that he would post a recent Exhibit C onto the University Glen webpage.

INFORMATION AND ACTION ITEMS

Information: Campus Update (Rush)
Dr. Rush distributed a letter written by him and addressed to University Glen residents. In it was a progress report on issues raised by the community. He also shared a second letter that he wrote to the community addressing questions raised last year. Dr. Rush then introduced CI’s Facilities Services Senior Director Wes Cooper, who gave an update on the landscaping activities that have been occurring since taking over those operations from Valley Crest Landscaping at the first of the year. Mr. Cooper then introduced Jason Hughes, CI’s Lead Groundskeeper, and informed the Board that many of the groundskeepers are also residents of the community.

Councilwoman Craven asked about the quarterly fire hydrant flushing, and Mr. Cooper responded by saying that Facilities Services will perform this maintenance during the first year of its oversight, and then revert to annual flushing once his staff feels confident that the hydrants are in good working order.

Finally, Dr. Rush informed the Board that the CI 2025 Vision Plan initiative won the American Association of University Administrators’ John L. Blackburn Award, which recognizes outstanding examples of university leadership that demonstrate creative solutions to common problems in higher education. The award will be presented in San Antonio, TX in June.

Information: Construction Status Update (Blaine)
Dr. Blaine informed the Board that the construction of the third phase of student housing is progressing, as is the Islands Café expansion.

Information: University Glen Housing and Rental Update and Financial Report (Blaine/Jarnagin)
Dr. Blaine continued his report to the Board with the following updates:

- There are no homes for sale in University Glen at this time. In 2015, there were 17 homes sold.
- The rentals in 1A/B/C are 98% occupied and 99% leased.

Dr. Blaine then introduced Mr. Bart Stern, principal of the Camarillo-based Ventura Investment Co., who has been engaged by the Site Authority as the new property manager. Mr. Stern said that he looks forward to this new relationship, noting his commitment to communication.

The memo that was sent to 70 homeowners to correct the title to home improvement errors has been signed by 54 of them. The remaining homeowners will be receiving a letter from attorney Ken High.

Dr. Blaine informed the Board that a homeowner has reported ongoing issues with cracks and doors not being able to close. A structural engineer was engaged to examine the residence and found no issues with the foundation, but suggested further review of upstairs framing. A contractor is now reviewing the townhomes and developing a proposal, which will be reviewed with the homeowner.
Dr. Blaine then distributed handouts to the Board that reflected monthly maintenance activities and a list of upcoming maintenance projects.

A resolution will be brought before the Board during its March 30 meeting.

With regard to the development of the 32-acre parcel, proposals will be received over the next several weeks, with subsequent review. The short list of proposers will be asked to provide additional information, and the CSU Board of Trustees will be informed of the finalist in May.

The financials were provided to the Board for their review; the Board requested that future reports reflect last year’s financial totals, as well.
