Kristy Madrigal

Human Resources Coordinator

A word from her colleague:

"With all of the changes in the HR department, Kristy has had to pivot on a dime... And has done so just beautifully! She started in HR as a student assistant and it was soon apparent that she would really make an impact on the entire team. When she got hired as a professional staff, she jumped at every and all opportunity provided to her. I'm so impressed with her turnaround times, her graciousness, and her can-do attitude. Kristy rocks!"

FEBRUARY IS BLACK HISTORY MONTH

“ What we need is not a history of selected races or nations, but the history of the world void of national bias, race hate, and religious prejudice. -Carter G. Woodson ”

Dr. Carter G. Woodson, was born in 1875 near New Canton, VA. He was the son of former slaves. In 1907, he received his BA degree from the University of Chicago and in 1912, he received his PhD from Harvard. He was the first to study and journal Black History. In 1915 he organized with friends and established the Association for the study of Negro Life and History. In 1926, he launched the annual February observance of "Negro History Week," which later became "Black History Month" in 1976.

DR. CARTER G. WOODSON THE FATHER OF BLACK HISTORY MONTH

Woodson chose the second week of February to coincide with the birthdays of Frederick Douglass, a famed abolitionist who escaped from slavery, and President Abraham Lincoln, who formally abolished slavery. It wasn't until 1976, during the height of the civil rights movement, that President Gerald Ford expanded the week into Black History Month. The theme of Black History Month 2021 is "The Black Family: Representation, Identity, and Diversity," chosen by the Association for the Study of African American Life and History.

THE Pink Dolphins
CSUCI STAFF SUPPORT GROUP

The Pink Dolphins:

1 in 8 women, and 1 in 833 men, in the USA will be diagnosed with breast cancer sometime in their life. The Pink Dolphins was created as a support community where we can talk about breast cancer treatment options, health tips, share hopes and fears, and provide a virtual nod of understanding as we have each walked this path. We also share community resources that have helped us get through the process emotionally and financially. Those going through the diagnostic process are welcome to join and get support. Healing happens when we help others, so join us and let us provide the positive support that promotes optimum health.

- For meetings:
 - Monthly meetings via Zoom (for now), and a Teams group where we can connect with questions and answers between meetings.

COFFEE & COLLABORATION WITH THE OMBUDS

A conflict Management Discussion in 30mins

Since April 2020, the CSUCI ombuds office has been hosting weekly informal problem-solving discussions via Zoom every Wednesday morning for members of the campus community. The sessions—never more than 30 minutes in length—bring staff and faculty together around a weekly topic chosen by participants the week before.

Past sessions have covered such topics as “why traditional feedback fails,” “the value of asking sensitive questions,” and “untangling conflict through the power of story.” Perhaps more valuable than the topics covered, though, has been the connection with colleagues across divisions in an informal and professional setting.

The University Ombuds invites you to bring your voice and perspective to “Coffee & Collaboration with the Ombuds” this Wednesday and every Wednesday as your circumstances permit. To reserve a spot, simply click this link: [Coffee & Collaboration](#)
