- Portfolio-wide energy management
- Industry benchmarking of energy consumption
- LEED project and development management
- Carbon reduction strategies
- ENERGY STAR and Green Globes ratings
- 1,400+ accredited professionals

- IFM On Demand
- Mobile engineering services
- Predictive and preventative maintenance
- Strategic sourcing
- Call Center work order management
- Baseline energy management
- 1.6B s.f. facilities under management
JLL’s CI Project 2025 Partners

**AECOM**
- One of the largest and most respected providers of Architectural and Engineering technical services in the world.
- Have worked on over 100 projects for the CSU system
- Will provide cost estimating, market research, performance specification and life cycle cost analysis services

**Solomon, Cordwell & Buenz (SCB)**
- Award winning architecture, interior design, and planning firm that practices nationally and internationally from offices in Chicago and San Francisco
- Deep experience with Higher Education and the CSU system
- Will provide Program analysis services and other architectural services that may be required in later phases of the project
Your Core Team

Senior team of specialists with a successful track record of working together

Bob Hunt
- Principal In Charge
- Transaction Structuring
- Implementation Plan

Jeff Graham
- Project Manager
- Financial Analysis
- Transaction Structuring

Romik Kesian
- Development Services
- Proforma Analysis

Tim Stevens (SCB)
- Design and Programming Analysis

Peter Morris (AECOM)
- Cost estimating
- Performance Specs
- Life Cycle Cost Analysis

David Stone (AECOM)
- Events Center specialist
- Market Demand Analysis
Our Understanding of the 2025 Goals

Summary of initial work session with CI 2025 Project Team

- Develop viable economic plans to support enrolment growth between now and 2025
  - Academic Spaces
  - Support spaces and services to keep up with campus expansion
  - Plan for 5 and 10 year horizons
- Identify and leverage all potential revenue sources
  - State Funding
  - Site Authority (housing, retail, etc.)
  - Student Housing and parking
  - Public/public and public/private partnerships
  - Student fees
  - Grants and donors
- Facilitate integration of campus with surrounding community
  - Continuing Ed, Events, Athletics, Lecture Series, etc.
Our Initial Assignment

Assisting CI to Achieve its 2025 Development Aspirations

• Identify the optimal way implement the Project 2025 Programmatic needs
  - 0 – 5 years
  - 6 – 10 years
  - Beyond 10 years

• Preparation and evaluation of financial, SWOT and life cycle cost analysis of the alternative methods and approaches to delivery of the programmatic academic, student housing, and student services elements of the CI 2025 Project
  - Evaluate all potential revenue sources, including market demand and risk
  - Evaluate alternative financing and development structures, including public/private and public/public partnerships
  - Develop up to 3 strategies to support the achievement of Program priorities

• Develop an implementation plan for the selected development strategy
Our Process

- Continuous Learning Loop
- Highly collaborative, iterative process
- Expected Duration of 6 months

Key Activities

Assisting CI to Achieve its 2025 Development Aspirations

• **Initial Due Diligence** (2 weeks)
  - Evaluate all relevant past reports and studies
  - Review current Program for Academic and Student Services
  - Establish Framework for Development Scenarios
  - Establish Initial Goals and Objectives

• **Diagnostics** (6 weeks)
  - Stakeholder Interviews (CI and surrounding communities)
  - Market Studies (Events Centre, Student Housing, Retail, University Glen)
  - Program Review & Evaluation
  - Initial Financial Analysis
  - SA financial evaluation
Key Activities and Timeline
Assisting CI to Achieve its 2025 Development Aspirations

• Summarize Initial Findings and recommend scenarios to develop (2 weeks)
  - Review with CI Project Team
  - Presentation to CI Cabinet

• Develop Strategies to achieve CI 2025 Goals and Objectives (6 Weeks)
  - Program definition and cost analysis
  - Market Demand studies
  - Pro forma financial analysis
  - Potential partnerships and transaction structures
  - Financing Strategies
  - SWOT analysis

• Develop Implementation Plan for selected Development Strategy (2 weeks)
Thank you
