- KEY:**
- Confidential Resources
 - REPORTING PROCESSES

1-The CI Crisis Advocate (CA) can meet with you confidentially on or off campus and explain your legal options, provide personal counseling and emotional support, and go with you and/or help you access ANY other available resource on this page. The CA is a licensed professional who is familiar with CI's specific sexual assault resources and review processes, but is not a University employee.

2-CI Student Health Services (SHS) can also facilitate referral to a local forensic nurse for you to obtain a Sexual Assault Forensic Exam (SAFE). **Where physical signs of injury are observed by a treating physician that are suspected to be the result of abuse/assault, the SHS must report the injury to law enforcement under California law.**

3-If you have a complaint regarding how CI has responded to what happened, you may also contact the U.S. Department of Education, Office for Civil Rights at 1-800-421-3481 or ocr@ed.gov
