## F FRESHMAN STUDENTS

To be considered for admission to CI, you must complete the following by high school graduation:

- Have or will have completed the 15 (year-long) pattern of A-G college preparatory courses with a grade of C- or better.
- Meet the CSU Eligibility Index, which is the combination of your high school GPA and your test score on either the SAT (critical reading + math) or ACT composite score.
- If you have a GPA of 3.0 or above you qualify with any score.
- The GPA is calculated from your 10th, 11th, and 12th A-G college prep courses.
- The Eligibility Index is calculated by using either the SAT or the ACT formulas:

$$\left( \frac{\text{High School GPA}}{\text{High School GPA}} \times 800 \right) + \frac{\text{SAT Reasoning Score}}{\text{SAT Reasoning Score}} = \frac{\text{Eligibility Index}}{\text{Eligibility Index}}$$

$$\left( \frac{\text{High School GPA}}{\text{High School GPA}} \times 200 \right) + \left( 10 \times \frac{\text{ACT Score}}{\text{ACT Score}} \right) = \frac{\text{Eligibility Index}}{\text{Eligibility Index}}$$

- The minimum Eligibility Index needed for California High School graduates is 2900 using the SAT (critical reading + math) or 694 using the ACT composite score. Non-CA Residents need a 3502 using the SAT or 842 using the ACT.
